## ON THE FIRING LINE

Pulsebeats of the Warriors  
Shown by Tongue and Pen From  
Ocean to Ocean in Canada's  
Greatest Conflict.

"Pa, what is business?" asked the boy one evening with a more than usually worried look. "Business, in a broad sense, my boy, is buying and selling. Good business is buying where you can buy the cheapest and selling where you can get the best price." After some thought the boy remarked: "Then when a man is in business the more he buys and sells on those conditions the better his business? It must be the same with a nation." After more reflection the boy asked: "Does it make any difference to you, pa, where I buy and sell so long as I do a good business when I grow up?" "Not in business, my boy—just buy and sell anywhere. Be honest and prosperous and I'll be proud of you."

### BORDEN LOSSES

(Halifax Chronicle)  
A notable feature of the Liberal convention for Halifax city and county was the presence, as a delegate, of Mr. Howard Smith, of N. & M. Smith, a former supporter of Messrs. Borden and Croxby, who has come out strongly in favor of reciprocity and who moved a strong resolution in support of the reciprocity agreement, which he followed by an able speech. The hall rang with cheering when President Douglas called upon Mr. Howard Smith to move the resolution, endorsing the great policy of reciprocity upon which the government is appealing to the people. Mr. Smith is one of the foremost business men of Halifax who is ready to place the interests of Halifax and Nova Scotia above party, and who is in this campaign supporting the Liberal party as enthusiastically as he supported Messrs. Borden and Croxby in 1908. He was given a great ovation when he arose to address the convention.

### CHILDISH ARGUMENTS

(St. John Telegraph)  
It would be a notable service if a party of a statesman succeeded in convincing the country that a tariff war is not nearly so much world-shaking importance as the commercial jingoes and their political shouters would have us believe. Every representative government must safeguard the business interests that are legitimate, but to accept at the valuation of the "interests" the highbrows of governments over two or three per cent, is completely to lose the perspective. Yet in the United States whenever the tariff is touched and some heavy privilege threatened, there is heard an outcry of panic and war by food and field, and other hysterical outcries without number. Time was when intelligent men found it possible to contend that the Wilson tariff caused the panic in the United States in 1903, and that later ones were caused by threatened revision. This foolish assertion has been exploded scores of times since, and later experience has revealed to reasoning men what causes panics and what does not; but the old superstition dies hard. The party leaders have long since abandoned childish arguments of this sort, and they are only heard among the unthinking.

### BY A FRUIT GROWER

(R. G. Sidley of Sidney, B. C.)  
As to the outcry about ruining our fruit industry, this is a gross libel on the country and is an assertion that British Columbia is not as good a fruit country as the adjoining states. Now I happen to have ten acres of apple trees and if I cannot grow as good and cheap apples as they do in the States I will try some other occupation and will not howl that I have a right to collect an extra ten cents a box from the consumer.

### INTERNATIONAL LABOR

(From Speech of Hon. H. R. Emerson.)  
This year Canada and the States negotiated for wider trade relations and British and United States an arbitration treaty, thus fulfilling Sir John Macdonald's prophetic dream of forty years ago. Our labor organizations are now international, so are our Epworth Leagues and other religious societies; the Foresters and so forth. Why not trade be international?

### VERY MUCH ALIVE

(London Advertiser)  
Our local contemporary says that only dead Conservatives can be quoted in favor of reciprocity. Are we to infer that the majority of Western Conservatives, from Maitland and Heron down, are dead ones?

### DEALING WITH ROWDIES

(Calgary Albertan)  
Throw out every rowdy that attempts to break up a political meeting in this campaign! Any man who attempts to break up a meeting is a rowdy. This is a campaign of education. The people should study the issue very thoroughly; and it is wise that they should hear all the political speakers. The rowdy who attempts to break up a meeting of interested men in any way with it, is a nuisance and no quarter should be given to him. If he doesn't want to hear the speakers he can get out. When he tries to prevent others from hearing the speakers he should be ejected on the double quick time.

## FACTS FOR CONSUMERS AND WAGE EARNERS

Frequent mention has been made, long before the reciprocity pact was ever thought of, of the great disparity in the cost of living here and in, say, Seattle. The Victoria housekeeper, who knows as a matter of every-day business what prices are, has always known this and generally pays a visit to the markets when visiting across the line, while the bread-winner has had to borne in upon him sternly that his day's wage does not supply him with as good a table as it once did.

A little investigation by a Times representative among the Seattle dealers and then among those in Victoria simply afforded corroboration in support of the facts.

**VICTORIA**  
Cabbages: 4, 5 and 6 cents per lb. Medium, 10c each.  
Celery: 10 cents per head.  
Peas: 8 to 10 cents per lb.; 2 lbs. for 25c.  
String Beans: 10c to 15c per lb.; 2 lbs. for 25c.  
Sweet Potatoes: 10c to 12½c per lb.  
Potatoes: 8 lbs. for 25c; \$1.75; \$1.85, 32 and 32½ per 100-lb. sack.  
Cucumbers: Small, 5 cents; medium, 10 cents; large, 15 cents.  
Cauliflower: 10c and 20c each.  
Carrots: 2c, 3c and 5c per lb.; 10c per bunch.  
Turnips: 3c, 4c and 5c per lb.  
Radishes: 5c per bunch; 3 bunches for 10c.  
Beets: 4c and 5c per lb.; 10c per bunch.  
Plums: 5c per basket (5 lbs.); 5c and 7½ per 100-lb. box.  
Apples: 8c to 10c per lb.; 3 lbs. for 25c; choice table, 2 lbs. for 25c; \$2.50 per box.  
Peaches: Table, 15c per lb.; preserving, \$1.15 to \$1.25 per crate of 5 dozen.  
Pears: 8c per lb.; 2 lbs. for 25c; 2 lbs. for 25c; \$2.25 per box of 40 lbs.  
Grapes: 10c, 12½c and 15c per lb.; 50c to 75c per basket.  
Crab Apples: 8c per lb.  
Berries: 12½c to 15c per lb.; 15c per box.  
Cantaloupes: 10c and 15c each.  
Fresh Eggs: 50c per dozen; cooking eggs, 55c per dozen.  
Butter: Eastern Townships, 35c; Salt-spring, 45c; Victoria and Cowichan creamery, 50c; cooking, 20c and 35c; 3 lbs. for \$1.  
Lard: 20c per lb.  
Ham: 20c to 25c per lb.  
Beef: 10c to 20c per lb.  
Lamb and Mutton: 15c to 20c per lb.  
Broad-Flour: \$1.50 per sack.  
Pastry Flour: \$1.55 and \$1.75 per sack.  
Fresh Salmon: 10c to 15c per lb.  
Haddock: 2 lbs. for 25c.  
Chickens: 30c to 50c per lb.

**WAGE-EARNERS.**  
The following comparison shows the rates of wages paid in Victoria and Seattle for the various classes of wage-earners. The standard day is 8 hours:

Victoria—	Seattle—
75c. per hour.....	75c. per hour
75c. per hour.....	75c. per hour
\$4.25 per day.....	\$4.00 (rough)
\$5.00 per day.....	\$5 and 56 (finishers.)
\$4.00 per day.....	\$4.50 per day
\$2.75 and \$3.00 per day.....	\$2.50 to \$3.00 per day
\$12 to \$15 per week.....	\$12 to \$15 per week
\$2.75 and \$3.00 per day.....	\$2.50 to \$4.00 per day

## RAIN DELAYS HARVEST WORK

### REPORTS OF DAMAGE BY FROST EXAGGERATED

Grainmen Deny Loss in Saskatchewan Will Amount to \$10,000,000

Winnipeg, Aug. 28.—Grain men on the local exchange, mill and elevator and railway grain departments ridicule the report that \$10,000,000 damage has been done by frost in Saskatchewan as reported by dispatches sent westward yesterday from the prairie provinces. They assert that in the first place the extent of actual damage in Saskatchewan from frost on Friday and Saturday nights cannot be definitely ascertained for a week. The reports to-day do not indicate anything like so much damage in the province and less in Manitoba. Here most of the grain is in the shock and beyond danger of frost. In Saskatchewan perhaps a third has been harvested and the danger from frost is more imminent. The most frost Saturday night was at Esterhazy. In southern Alberta, where there was eight degrees of frost, in Manitoba the worst was at Gilbert Plains. In the northwestern section, where there were six degrees reported. The Manitoba experimental farm registered just 25 degrees and no damage is shown in that district.

The worst situation in both Saskatchewan and Manitoba to-day follows the cold, hard rains of Sunday. Harvest work is suspended generally in these two provinces for the day. With the bright sunshine to-day it is thought the machines can get into the fields again to-morrow. No frost was reported from as many points in both provinces Saturday and Sunday as previously, and only in two or three places do the reports indicate actual damage.

## YUKON VOTERS FOR RECIPROCITY

### Frederick T. Congdon Will Probably Be Returned by Acclamation

(Special Correspondence)  
Dawson, Aug. 12.—Following is a copy of a petition, signed by hundreds of voters of all shades of political beliefs throughout the Klondike and Whitehorse districts, in the Yukon territory, which will very likely result in Mr. Congdon being returned by acclamation:  
"August 7, 1911.  
"To Frederick T. Congdon, Esq., K. C., Dawson, Yukon Territory.  
"Dear Sir,—We, the undersigned electors of the Yukon Territory, desire to record our high appreciation of the very efficient manner in which you have discharged your duties as our member of parliament at Ottawa.  
"We request that you allow yourself to be nominated for re-election on September 25th next, and trust that you will be returned unopposed."  
From 80 to 95 per cent of the voters have already signed in favor of Mr. Congdon. Reciprocity is very popular in Yukon.

### ENDS HIS LIFE

Cobalt, Ont., Aug. 28.—Antila Letto, a Finland, committed suicide in his home on Watson street. His wife died very suddenly about noon and grief over her death caused him to suicide one hour later.

## POACHER CAUGHT BY THE JOLLIFFE

### SEATTLE SLOOP SERAH IN FORBIDDEN WATERS

Vessel Taken to Westminster Pending Proceedings for Her Confiscation

Vancouver, Aug. 28.—Caught fishing for salmon in the three-mile limit off Cl-o-ose, west coast of Vancouver Island, on Saturday afternoon, the Seattle gasoline sloop Serah was seized by Captain Newcombe.

Captain Newcombe was on board the tug William Jolliffe when the capture was effected.

The Serah was taken in tow and this morning the William Jolliffe and her prize dropped anchor in English Bay. Later the Serah was sent to New Westminster, where she will be held pending proceedings by the federal authorities looking to her confiscation.

When trapped the Serah was fishing about two and a half miles from shore. Her crew failed to observe the William Jolliffe approaching; a bank of fog obscuring the fisheries protection craft as she slid down on the sloop.

According to reports made to the fisheries protection service, dozens of American gasoline sloops have been preying on the inward bound salmon to canneries on Puget Sound, and numerous attempts have been made to catch these boats within the three-mile limit, but their crews have been wary and the Serah is the first boat captured.

The sloop operates day and night and to receive their catches into an old brigantine at shore on Swiftsure Bank, at the entrance to the Strait of Juan de Fuca.

When the hold is well filled with fish the brigantine runs into Port Angeles or Neah Bay and turns her catch over to scows, which carry the fish to canneries on Puget Sound. Prior to two weeks ago the Indians of the west coast of the island were catching salmon which they sold to the American sloops, but this lucrative employment was permanently stopped by Captain Newcombe.

### WINNIEP CONTRACTOR DEAD

Winnipeg, Aug. 28.—Capt. Uriah Short, of the 15th Mounted Rifles, died of a heart attack at his home in Winnipeg. He was a wealthy contractor and came from Montreal in 1881.

### MR. LUNEY, HISTORIAN

There have been many curiosities of political literature published and not a few fantastic economic theories advanced during the progress of the present campaign, but we think the climate has been somewhat feverishly precipitated in the letter of Mr. Wm. Luney, sr., which appeared in black type in the first page of the Colonist on Sunday morning. Our contemporary ought to have had more respect for Wm. Luney, sr., his large family, the intelligence of the class to which it appertains and for its own reputation than to publish such an attempt to pervert the facts of history.

Wm. Luney, sr., says he was living in Toronto in 1877-78 at the time the government of the late Sir Alexander Mackenzie attained power and that a part of his policy was a "tariff in favor of the United States." There was never a government of Sir Alexander Mackenzie in power in Canada. The administration of Hon. Alexander Mackenzie went out of office in 1873.

Mr. Luney's perversion further says: "Previous to the lowering of the tariff (in favor of the United States) everybody was busy just as they are now throughout Canada." The government of the Hon. Alexander Mackenzie did not lower the tariff in favor of the United States or any other country. There was no high protectionist party in Canada up till the year 1878. Both parties favored a tariff for revenue only, as the Liberal party does to-day. As a matter of historic fact, the government of Hon. Alexander Mackenzie, requiring an increased revenue, raised the tariff, and the increase met with strong opposition from the Tory party of that day. The opposition claimed that the government was forced, because of its extravagance, to unduly and unjustly increase the burdens of the people.

### POLLING STATIONS.

Returning Officer: Banerman has fixed the polling places for September 21, as follows:  
Ward 1—W. C. T. U. Mission room, Store street.  
Ward 2—John Meston's workrooms, Broad street.  
Ward 3—Institute Hall, View street.  
Ward 4—New Jamieson building, Broughton street.  
Ward 5—Drill Hall.

## FOG-ALARM FOR M'LOUGHLIN POINT

### BEST AID FOR STEAMERS ENTERING HARBOR IN FOG

Hon. Wm. Templeman Secures Consent of Government for Its Erection

Following the sending of recommendations to Ottawa for the establishment of a fog alarm on McLoughlin Point, at the entrance to Victoria harbor, by Hon. William Templeman, word was received at the Marine and Fisheries department this morning authorizing the work to be proceeded with at once. This perhaps is the most welcome news that mariners plying in and out of this port have been apprised of for many years. In the midst of heavy fogs which frequently envelope the straits which have been one of the most difficult tasks in the past for a skipper to pilot his vessel into the harbor. With the new fog alarm on McLoughlin Point, however, it will be almost as easy a proposition to guide a steamer into the harbor in a fog as in broad daylight. This new aid to navigation will make the third fog alarm between Trial Island and the harbor. After picking up the alarm on Trial Island, a skipper, as usual, will set his course for Brattle Ledge, where there is a bell buoy, and after that will head down for McLoughlin Point to pick up the sound and so into the harbor.

It is a well-known fact that on several occasions steamers have almost piled up on the rocks at Macaulay Point, being unable to locate the mouth of the harbor in fog. After losing the bell buoy at Brattle Ledge a skipper has to use his own judgment in making the entrance, and it is impossible for him to discover whether (Concluded on page 8.)

## C. P. R. INCREASES WAGES OF MECHANICS

Winnipeg, Aug. 28.—The C. P. R. last night announced a wage increase of 8 per cent to be granted all mechanics in Western Canada. The increase is satisfactory to the men who number 15,000.

## G. T. P. CONTRACT HAS BEEN LET

### WORK WILL BE RUSHED ON LINE IN PROVINCE

Messrs. Foley, Welch & Stewart to Build From Aldermere to Tete Jaune Cache

Vancouver, Aug. 28.—A contract for the construction of a 410-mile section of our main line between Aldermere, in the Bulkley Valley and Tete Jaune Cache, a point 50 miles west of Yellowhead Pass, has just been awarded to Messrs. Foley, Welch & Stewart. The work will be rushed with all possible speed. This is the last uncompleted gap in British Columbia. The work will be pushed from the east and west ends. The same contracting firm built our main line westward from Saskatoon. Its construction camps are now strung across the Rockies and down the western slope to Tete Jaune Cache. Messrs. Foley, Welch & Stewart are also making good progress on the inland section or 140-mile portion of the line from Cooper River to Aldermere.

This was the important announcement made by Charles M. Hays, president of the Grand Trunk Pacific to the Times representative here to-day.

Mr. Hays, accompanied by A. W. Smithers, chairman of the board, London, Eng., and leading traffic officials, arrived here yesterday morning by special train over the C. P. R. They will leave to-night on the steamer Prince Rupert for the northern terminus, and (Concluded on page 11.)

## SIR WILFRID CLOSSES QUEBEC CAMPAIGN

### ANNEXATION CRY IS ARRANT NONSENSE

Hon. S. Fisher Says Packers and Middlemen Are Reciprocity's Opponents

Valleyfield, Que., Aug. 28.—The closing meeting of the campaign of Sir Wilfrid Laurier in the province of Quebec, held in Valleyfield on Saturday, proved to be one of the best of the week. Nearly 7,000 people listened to the Prime Minister, Hon. R. Lemieux and Hon. Sydney Fisher with appreciation, and great enthusiasm was displayed.

Sir Wilfrid left Saturday evening for the Maritime Provinces. Valleyfield is one of the busiest manufacturing and industrial towns near Montreal. The immense plant of the Montreal Cotton, Light & Power Company, and many other giant enterprises, make it a centre of commercial importance. Nearly every speaker refuted the allegations that reciprocity would hurt the manufacturers. Several big firms were mentioned in the agricultural implement trade, who, although their make of articles enter Canada with reduced duty under the pact, were quite prepared to support reciprocity. Hon. Mr. Fisher also said that the fiercest opponents of reciprocity were Canadian packers and middlemen who had been enjoying profits characterized by the speaker as "extravagant and exorbitant." (Concluded on page 11.)

## TO-NIGHT'S MEETINGS

### WARD TWO LIBERAL ASSOCIATION

A SPECIAL MEETING will be held in the LIBERAL COMMITTEE ROOMS, CORMORANT STREET at 7:30 o'clock. All Liberals in this Ward are requested to be present.

### WARD FOUR LIBERAL ASSOCIATION

A general meeting of all Liberals in Ward 4 will be held in the LIBERAL ROOMS. A full attendance is requested. Bring your friends with you. H. A. MUNN, President. E. E. HEATH, Secretary.

### WORKERS OF VICTORIA WEST

Will meet in the VICTORIA WEST ATHLETIC ROOMS, CATHERINE STREET at 8 p. m.

### WORKERS IN WARD ONE, EAST SIDE OF GORGE

On city side of water will meet in the LIBERAL ROOMS, CORMORANT ST. at 8 p. m. A. W. CURRIE, President. E. S. WOODWARD, Secretary.

### GRAND RALLY OF ESQUIMALT LIBERALS

SOLDIERS' AND SAILORS' HOME TUESDAY EVENING AT 8 O'CLOCK. SPEAKERS: HON. W. TEMPLEMAN, RALPH SMITH.

J. C. McINTOSH, President. H. W. PAULINE, Secretary.

### WARD FIVE LIBERAL ASSOCIATION

A SPECIAL MEETING of all active Liberals in Ward Five is called for TUESDAY EVENING AT 8 O'CLOCK in the Liberal Rooms, Cormorant St. HUGH KENNEDY, President. H. L. ROBERTS, Secretary.

### LIBERALS OF WARD TWO, ATTENTION

A Relaxing Smoker will be held in Foresters Hall on WEDNESDAY, AUGUST 30TH. Commencing at 8 p. m.

Liberals who attend will throw off care and enjoy the fragrant weed during a varied, humorous and entertaining programme of songs, recitations, and short speeches. ALL LIBERALS OF WARD TWO INVITED. P. W. DEMPSTER, President. J. F. WILSON, Secretary.

### WARD THREE LIBERAL ASSOCIATION

All Liberals in Spring Ridge Section of Ward 3 will meet on TUESDAY EVENING, AUGUST 29TH in ODD FELLOWS HALL, FERNWOOD ROAD AT 8 O'CLOCK. J. F. BELDEN, Chairman.

All Liberals west of Fernwood Road in Ward 3 will meet in the CENTRAL COMMITTEE ROOMS, CORMORANT ST., at 8 p. m. TUESDAY EVENING, AUGUST 29TH. All invited, important business. JAMES BELL, Chairman. DONALD MUNRO, Secretary.

## WILL OPERATE ON LARGE SCALE

A. N. C. Treadgold on Way  
North in Connection With  
New Enterprise

Vancouver, Aug. 28.—Fresh from new triumphs in the financial world A. N. C. Treadgold is on his way to Dawson. With the co-operation of the millions of the Tuganheims, he made possible the Yukon Gold Company, which is now earning ten per cent on a capitalization of \$16,000,000. His latest achievement is the Granville Mining Company with an authorized capital of \$5,000,000. Mr. Treadgold has spent the past six months in New York and London in connection with the flotation of this big enterprise. All the capital required for placing it on a sound commercial basis has been secured. The holdings now transferred to the new corporation which will operate on a large scale as soon as the equipment of dredges and hydraulic plants can be got on the ground and long ditches built are very numerous. They include a power plant on the north fork of Klondike river supplying electrical power to operate dredges and plants on the river, and a large area of claims owned by the Dominion Mining Company, Ltd., and Mr. Treadgold, who is also the principal owner of the electrical power plant. The holdings in question consist of placer claims on Dominion, Quartz, Flat, Hunker and Sulphur creeks, whence millions of dollars worth of placers gold were extracted in the early days of the Klondike.

It is said that the claims of the Klondike Mining Company, known as the Boyle Concession and embracing over ten miles of rich dredging ground will be included in the big merger. This ground is located along the Klondike river. On it is now operating a dredge lately completed and described as the largest of its kind in existence. The total area transferred to the new company, it is said, will approximate several hundred square miles. Both dredging and hydraulic methods will be employed. To look over the ground and map out a programme of development which will take several years to even get under way, Mr. Treadgold is now hurrying north. He is accompanied by Mr. Treadgold and H. Orr-Ewing, a well known London capitalist, who was associated with him in the ownership of the original Treadgold concession.

## THROWS GIRL FROM STEAMER.

Holland, Mich., Aug. 28.—Angered, he said, because Grace Lyons of Chicago broke her promise of marriage, Walter Hopper of Chicago on Saturday attacked her aboard the steamer Puritan in mid-lake and tossed her overboard. Her body was not recovered. News of the tragedy was flashed by wireless and officers were waiting for Hopper when the boat reached the dock.

## NEW RECORD FLIGHT.

Mourmelon, France, Aug. 28.—M. Helles, a young French aviator, on Saturday broke the record for a single continuous long flight, in competition for the Michelin cup. He covered 1,200 kilometers (746 miles) in 15 hours. The previous record for the Michelin cup was made by Jules Vedrines last year when he covered 800 kilometers in 7 hours 45 minutes 36 seconds. Helles flew over a measured course, and landed at Chalon-sur-Marne.

## OFFICIALS APPOINTED.

Ottawa, Aug. 28.—The government has made the following appointments, duties to be assigned on October 2, 1911: W. D. Scott, superintendent of immigration, to be chief controller of Chinese immigration; E. Blake Robertson, assistant superintendent of immigration, to be assistant chief controller of Chinese immigration; J. H. Macgill, immigration agent, to be controller of Chinese immigration at Vancouver.

## IN SOCIETY

Society women realize that the woman who would retain her youth must look after her hair, for the woman with scant, unattractive hair is seldom ever admired.

That is why so many of our loveliest women demand that Parisian Sage be used by the hairdressers. This preparation is guaranteed to cure dandruff, stop falling hair and itching scalp.

Parisian Sage will make harsh and unattractive hair soft, lustrous and luxuriant in a few days. It is the ideal, delightful, rejuvenating tonic that makes hair grow. It is not sticky or greasy, but on the other hand is most pleasant and daintily perfumed. Sold everywhere—fifty cents a large bottle and guaranteed by Dr. E. Campbell who will refund your money if Parisian Sage fails to do all that is claimed for it.

## COMMITTS SUICIDE ON WAY TO ASYLUM

George Morton Eluded Guards  
and Jumped Overboard From  
Princess Adelaide

George Morton, aged 28, who came recently from Lillooet to Victoria and who made an attempt last Thursday to drown himself in Esquimalt harbor, jumped overboard from the Princess Adelaide Saturday morning a few miles out of Vancouver, while he was being taken to the Westminster asylum. Morton had been mentally examined by the authorities after his leap into the Esquimalt harbor and was adjudged to be insane.

Thursday morning last he was rescued from the shallow water near to bullen's ways at Esquimalt, an employee of the company named Martin effecting the rescue. Morton had, prior to entering the water, tied his hands and feet and was evidently determined to end his life.

Saturday morning while on the Princess Adelaide in the care of the plain clothes guards, who conducted him from here, Morton rushed from the state room occupied by them, and without hesitation ran to the stern of the ship and jumped overboard into the wash of waves behind the propeller. He took his guards completely by surprise, and although they pursued him along the deck, they were unable to prevent the suicide. The body was carried down by the swirling waters and by the time the warning could be given it was out of sight and never rose to the surface.

The examination that followed Morton's jump into Esquimalt harbor resulted in the medical opinion that he was suffering from delusions and that his mind was deranged. He, however, was quietly disposed and en route to the Princess Adelaide behaved well, but his intention to commit suicide was formed prior to his jump into Esquimalt harbor, for he wrote letters to his parents in New Zealand saying his troubles were many and death appeared as his only release. He had been in Victoria about one week.

## BIDS FOR INCINERATOR.

The new incinerator proposed to be erected on the garbage wharf at the foot of Herald street is now well within sight. Tenders were recently called for and at the last meeting of the council they were opened, the following bids being submitted: Victoria Machinery Depot, \$5,570; Hutchison Bros., \$5,720; city engineer, \$4,829. All the bids were accompanied by a quotation for excavation and the driving of piles for foundation purposes. The bids were referred to the proper officials for consideration and report.

City Engineer Smith has announced his intention of purchasing another air-compressor drill for excavation purposes from Munson, Limited, Vancouver. The cost of the new machine will be \$1,500.

Alfred H. M. Fullerton, who is chairman of the civic lighting committee, has made arrangements whereby an early start can be made upon the cluster lighting of Government street, between the points covered by Humboldt and Cormorant streets. It is possible that a start will be made forthwith. In conjunction with this important work the arrangements for the north extension of the system on the same thoroughfare as far as Hillside avenue is being carefully considered.

## SETS RECORD FOR ROUND WORLD TRIP

Paris Journalist Completes Circuit in Less Than  
Forty Days

Paris, Aug. 26.—Andre Jaeger-Schmidt, the Parisian journalist, drove up in an automobile in front of the office of the Daily Excelsior in the Avenue Champs-Elysee at two minutes and 19 1/2 seconds past nine o'clock Saturday morning, officially completing his circuit of the world in thirty-nine days, nineteen hours, 12 minutes and 37 1/2 seconds. Jaeger-Schmidt started from Paris at 1:45 p. m. July 16, in an attempt to beat the record of M. Steigler of the Paris Matin, who made the journey around the world in 63 days.

The route followed by Jaeger-Schmidt took him to Vladivostok by way of Moscow. At Vladivostok the Frenchman boarded a steamer bound for Yokohama, whence he sailed for British Columbia, arriving at Vancouver ahead of his schedule. Taking a train at Vancouver, the traveller passed through Montreal August 17, bound for New York, reaching that city August 18. On the following day he left New York, sailing on the steamer Olympic on the last leg of his journey. The traveller could have arrived at his goal two hours earlier if he had not stayed at Cherbourg after midnight for a supper given in his honor by journalists.

## ALLEGED SWINDLER ARRESTED.

Seattle, Wash., Aug. 28.—Accused of defrauding these large banks in Seattle of \$17,240, and with this money, as well as \$5,000 which he had obtained from C. D. Hillman last Thursday, in a worn suitcase, J. L. Wortham, of Guthrie, Okla., alias Frank H. King, alias John A. Matthews, was arrested in a cheap lodging house in Tacoma and brought back to Seattle, where he was held in the city jail. Wortham had been traced over the entire western part of the country and his booty is said to aggregate in excess of \$25,000.

Wortham had made an attempt to get away by the fire escape when detectives caught him in Tacoma, but finding that means of egress blocked, he returned to his room and was quickly overpowered.

## TWO KILLED IN AUTOMOBILE RACE

Car Turn Somersault a Cause  
—Score Injured When Portion  
of Grandstand Falls

Elgin, Ill., Aug. 28.—The 305-mile automobile road race yesterday, won by L. Zengel in a National, with Harry Grant second and Hugh Hughes third, was not contested without its toll of death and injuries.

David Buck, the veteran Chicago automobile racer, was within eleven laps of the finish, going 66 miles an hour on the back stretch, when his right forward wheel threw a tire. The machine turned a somersault, and Sam Jacobs, mechanic, was killed. Buck's back was broken and he died in the evening.

Following the accident a messenger was sent to Mrs. Buck.

"Tell me the truth at once," the driver's wife said. "You wouldn't send for me if his injuries were slight."

Every eye in the stands was on her as, supported by militiamen, she left her chair and went in a machine to the field, where her husband had received first aid. She became hysterical when she learned that her husband's injuries were fatal.

A score of persons were injured, four seriously, when sections 84 to 110 of the road race grandstand collapsed.

The seats which fell were of the kind as "circus," and were hastily completed Friday by the Cleveland contractor who had furnished them to the recent aviation. The stringers on which the seats rested had been nailed to the pilings instead of being anchored, and the strain of the crowd of Friday and Saturday proved too heavy a burden. The whole mass sunk and the occupants of the seats were thrown together in the middle. As the stand collapsed a hush fell over the field, but when word was telegraphed "trouble killed," there were cheers and handclapping.

## Revenue Producer on Yates Street

Yates street, in the opinion of one of our wealthy and travelled citizens, will be the finest thoroughfare in the Pacific Northwest. To buy for the future, buy on Yates. We have 62 1/2 ft. near Vancouver, yielding \$60 per month, on which we can offer terms of one-fifth cash; balance over

four years. Price

**EXPLOSION PROVES FATAL**

Kennecott, Wash., Aug. 28.—Mrs. R. P. Tulles, wife of a prominent local druggist, died at her home here Friday afternoon, death following ten days of intense suffering from burns received in an alcohol explosion. She was formerly Miss Carrie Wallace, and was the daughter of Mr. and Mrs. Oscar Wallace of Spokane. She was the first white child born in what is now Wallace, Idaho, and it was in her honor that the town was named.

While attempting to fill a lighted alcohol stove August 15, a five-gallon can of alcohol exploded in Mrs. Tulles' hands, setting fire to her clothing. Before the flames could be extinguished she was horribly burned.

**POLICEMEN WILL  
CARRY REVOLVERS**

ORDERS ISSUED AT  
PRAIRIE CAPITAL

Action Follow Fight With Thugs  
in Which Constable Was  
Wounded

Winnipeg, Aug. 28.—In a statement made to the police Harry Kelly, one of the thugs held for the shooting of Constable Trainor on Wednesday, places the blame for the shooting on his pal, Frank Jones. Kelly asserts that in the bath room of the house where they sought refuge, he fought for surrender but Jones wanted to fight.

Incidental to the statement Kelly paused long enough to tell the detectives that "The Kid Cop, H. J. Brown, who chased them into their final lair without arms was 'too brave to be killed.' In the face of shots and threats of being plugged full of holes he caught his man, daring him to shoot.

As a result of this shooting affair the order has gone forth that in future constables shall carry guns day and night. It is also rumored that the epidemic of petty robberies which has struck the city will have the effect of making residents lock up their homes, precaution which they do not take at the present time.

**TWO MEMBERS OF  
FIFTH FOR BISLEY**

McDougall and Richardson Secure Places on Team—Governor-General's Match

Ottawa, Aug. 28.—There was a great shoot for the final of the Governor-General's match at the Dominion Rifle Association meet on Saturday. Captain Crowe, of the 30th Guelph and Sergt. Battershill of the 90th tied for the first place with a score of 191, and Crowe won in the shoot-off. For the third and fourth places there was another tie, when Sergt. Mitchell of the 48th won third place and Corpl. Rutherford fourth. The scores:

D. R. A. medal and \$200, Captain Crowe, 30th, 191; 150, Sergt. Battershill, 90th, 191; 100, Pte. Mitchell, 48th, 190; 50, Corpl. Rutherford, Q. O. R., 189; 20, Major Dymond, R. C. R., 188; 10, Major Blair, 76th, 188; 5, Pte. Aul, 90th, 188; 15, Capt. Mitchell, R. L., 187; 10 each, Sergt. Armstrong, 13th, 187; Mr. Moisey, W. C. R. A., 187; Lieut. Forester, 3rd P. C. G., 187; Capt. Slater, 6th, D. C. O. R., 187; 18 each, Sergt. Martin, 3rd, 187; Lieut. Steele, C. A. S., 187; Lieut. Col. Davidson, 8th R. S., 186; Corpl. Regan, 101st, 186; Sergt. Russell, G. G. G.-E. G., 184; Sergt. Miles, P. E. I. H., 184; 16 each, Q. M. S. Mullen, 41st, 184; Pte. Gale, 5th R. H. C., 184; Corpl. Copping, 3rd Victorians, 184; J. M. S. Jones, 19th, 183; Sergt. Smith, G. G. F. C., 183; Sergt. Richardson, 5th C. A., 183; Sergt. Parren, 6th D. C. O. R., 183.

Bisley Team.

The 800 and 900 ranges in second stages of Governor-General's match added to the grand aggregate. Lieut. Steele, C. A. M., C., 453; Sergt. Battershill, 90th, 451; Corpl. Rutherford, Q. O. R., 447; Capt. C. R. Crowe, 442; Pte. Aul, 90th, 439; Capt. Mitchell, R. L., 437; Lieut. Blackburn, 80th, 434; Capt. Slater, 6th D. C. O. R., 434; Pte. Mitchell, 48th, 434; Sergt. McInnes, P. E. I. H., 434; Sergt. Armstrong, 60th, 432; Corpl. Regan, 101st, 431; Col. Sergt. Stoddart, 51st, 431; Pte. Stoder, 48th, 431; S. Major Dymond, R. C. R., 430; Sergt. Smith, G. G. F. C., 429; R. S. M. MacDougall, 5th C. A., 429; Sergt. MacPherson, 78th, 427; Sergt. Madden, 90th, 426; Corpl. Copping, 3rd Vics, 425; S. Sergt. Snook, 76th, 425.

Other Matches.

The G. G. F. C. won the Gordon Highlanders' trophy and \$45, with a score of 73; 32, 30th, 717; 24, 3rd Victorians, 716; 20, 43rd, 714.

The Coates' match for teams of six men, 600 and 800 yards, 10 shots at each, possible 600-800; and cup, 90th Regiment, 235; 48th, 42d, 233; 33d, R. C. M., 241; 24th, 26th, 215; 18, Q. O. R., 213. Next in order 90th; 34th, 5th C. A., 208; 3rd Victorians, 208; 10th, 201.

A correction in the scores made in the (Gzowski) gives the C. G. F. C. the 500 cup and first place, 252; 13th, 245; 255; 46th, 240; 32d, Q. O. R., 235; 32d, 218; 42nd, 220; 318. The 43rd had been given as the winners, but a mistake of 40 points was made in their card.

**TRY TO BLOW UP  
MINER'S DWELLING**

Dynamite Shatters Part of  
House but Inmates Escape  
Uninjured

Blairmore, Alta., Aug. 28.—After experiencing a coal miners' strike of nearly five months duration, the first noticeable disturbance to occur in any part of the district affected by the temporary cessation of work at the mines took place at Blairmore about one o'clock on Saturday morning when an attempt was made to blow up a house occupied by Mathew Green, an Austrian, in the employ of the West Canadian Collieries, and no doubt to do serious bodily injury to the occupants.

The explosion was caused by dynamite which was placed on a window sill on the opposite part of the house on one end of the building. The house was badly shattered, but fortunately the other end of the house in which the miner and his family were sleeping was not damaged and the dwellers escaped with nothing more than a fright.

Four mounted police were added to the local force and every effort is being made to bring the guilty persons to justice.

**EIGHT ARRESTED.**  
Charges Laid as Result of Hanging in Effigy of Seattle Judge.

Seattle, Wash., Aug. 28.—Charged with conspiring to obstruct the administration of justice in a United States court, Oliver T. Erickson, member of the Seattle city council, Leroy Sanders, editor of the Seattle Star, B. H. Canfield, publisher of the Star and manager of a string of newspapers on the Pacific Coast; John H. Perry, attorney for Canfield and Sanders; Deputy Sheriff Hugo Kelly; Paul K. Mohr, a labor leader; Thomas House, an attorney; and Will Atkinson, a real estate dealer, were arrested Saturday on warrants sworn to by United States District Attorney Elmer E. Todd.

Preliminary hearing was set for next Wednesday. The warrants for the arrest

of the alleged conspirators were issued as the result of the hanging in effigy of United States District Judge Cornelius H. Hanford and the utterance at a mass meeting, Friday night, of inflammatory speeches denouncing the court for issuing an injunction restraining the people of Rainier Valley from interfering with the Seattle, Renton & Southern Railway, which is involved in a dispute with its patrons.

The information charges all the leaders of the mass meeting with conspiracy to obstruct justice by arousing people to disobedience of the injunction, and refers to the incendiary remarks made at the meeting. It also charges Canfield, Sanders and Perry with responsibility for the hanging in effigy of Judge Hanford.

**CLAIMS THREE MILLIONS.**

Tacoma, Wash., Aug. 28.—For the largest sum ever demanded in any action ever brought in the Pierce county courts, F. C. Goodall, president and general manager of the Goodall Photograph Company, Saturday began suit for \$3,000,000 damages against George M. Shroeder, president of the Tacoma Baseball Club. Attorney A. H. Garretson and wife, L. R. Coombs and F. E. Valentine.

The Goodall Company was incorporated about a year ago for \$5,000,000 to handle a new kind of a photograph invented by Goodall. The defendants are stockholders. Goodall has a controlling interest. The invention is patented in ten countries.

Goodall alleges the defendants caused the appointment of a receiver, thereby rendering Goodall's stock worthless.

One year's sweepings of the British mint yields over \$5,000 in gold and silver.

## THE PROOFS SUBMITTED.

The small amount of interest manifested by the Conservative leaders and henchmen of that party in the cause of labor is eminently displayed in the effusions of our morning contemporary yesterday. It says: "Given a prosperous community and working men will not worry much over the amount of their grocery bills." That is one sentence and another is, "We think they (the Liberals) mistake the temper of the working men who are not so keen about the price of commodities as they are about the price of labor and the opportunities for remunerative employment."

These are two remarkable utterances and taken together with the frequent declaration of the morning paper that workmen "are paid only enough to live upon," may be said to embrace the entire degree of sympathy and interest that the party for which the Colonist speaks seems to have regarding the rights of laborers. The frequent declarations of the Colonist simply mean that if laboring men are given plenty to do and are paid just enough to live on they are, and ought to be, content. There is no other meaning that can attach to these repeated and insulting declarations.

Is it a fact that the wage-earners of Canada do not care whether their bread of life costs them more or less? Have the wage-earners of this Dominion fought their battles for increase in wages by being content and satisfied when they have had "opportunities for remunerative employment"? The whole philosophy of the Colonist appears to be, "Keep them busy and pay them enough to live on; they will be happy then; they do not care for sustenance at reasonable rates." We ask intelligent wage-earners who know even a little about the meaning of words in common use in the English language if they can infer anything else from the cruel, heartless and altogether inhuman reflection that the morning paper makes upon the feelings of wage-earners and their estimate of their rights.

The lament of the Colonist is, "They (the Liberals) are careful not to go into details to prove the contention" that reciprocity will cheapen foodstuffs and the cost of living. The Times has long been making careful inquiry respecting these matters that it might be prepared when submitting a table of comparative cost of supplies as between Victoria and Seattle that it would be in a position to defy contradiction of its details. The Times can show even a greater contrast between other American coast cities and the coast cities of British Columbia than it shows in its news columns to-day.

The only explanation of these conditions is the duties which obstruct the natural channels of trade.

In the matter of wages we prove to-day also that what the Times has asserted from the beginning is correct; that the low cost of living has nothing to do with low wages of working men. The one is governed by the law of supply and demand.

what by wise Unionism, and the other is governed entirely by tariff, customs and trade conditions.

Wage-earners and consumers generally may study these tables for themselves. They are not fabricated but true in every respect. The thinking part of the process we can safely leave to the man on the street. We revert, however, to the suggestion, unkind to the last degree, that if laboring men have plenty to do they have no reason to worry over the cost of living. If the Colonist speaks for the Conservative party it is as though that party

"Work, ye beggars, work.  
And we will feed ye well."

ONLY ONE ISSUE.

The Colonist of yesterday demands that the discussion of the issues affecting the present campaign be confined almost wholly to reciprocity and it accuses the Times of endeavoring to draw a red herring across the trail by introducing a discussion of the hypocritical record of the Conservative leaders on the question of Imperial Preference. It was no longer ago than August 3 that the Colonist declared that the discussion should embrace every question which the Conservative organs sought to raise and it gives a list of some thirteen distinct questions that it said should be ventilated. Now, however, it demands that the debate be confined to reciprocity alone.

We need not ask the reason for this remarkable contempt for its first deliverance. The Colonist has raised every side issue that it could resurrect from the sepulchres of its decayed imagination and it has endeavored to divert attention from the subject which the Times contended long ago should be the issue upon which the public should be informed. It has endeavored to resurrect the Oriental question; it has tried to attract rebuke to the naval policy of the government; it has sought to condemn the government for alleged indifference to the requirements of the province; it has sought to sidetrack reciprocity by flag-waving and the cry of disloyalty; it has tried to frighten the wage-earners and to scare merchants, farmers, lumbermen, fruit-growers and everybody whom it thought susceptible to its misanthropic appeals.

Now it has found out what the Times knew from the beginning; that there is but one issue upon which the people will cast their ballots on September 21. That question is whether we shall be permitted to expand our markets and sell to better advantage what we produce or whether we shall have to lift our goods over a "customs-duty" wall in order to get them to those who want them. We are to vote on the question whether the consumers of food are to be charged the additional cost of a customs duty on what they eat or whether they are to be permitted to buy it at the reduction which the remitted duties will effect.

We are glad the Colonist has discovered that the intelligent public is not to be misled by its attempts at false scent. Perhaps it will now get down to business and explain to its readers why people should be compelled to pay heavy duties on what they must eat and why the people of Canada who produce more of many things than they can use should be compelled to face a tariff obstruction when the governments of both countries offer them relief from these burdensome conditions. We shall be glad if the morning paper will accept the legal acumen of Mr. G. H. Barnard and "show cause."

## CHARLATAN JOURNALISM.

An unusually regrettable letter, signed by Mr. William Luney, sr., was printed on the front page of the Colonist yesterday as a Letter to Workmen. No one could respect the author of such a letter no matter how much he might desire to respect the man who signed it. The mischief in the case is that there are many people in Victoria who lived in the city of Toronto at the time Mr. Luney speaks of and they know that what is published over his signature is untrue. An instance of this appears in the statement that Alexander Mackenzie attained to power in 1877-78. The writer makes Mr. Luney say part of his policy was a reduced tariff in trade with the United States. The Times is somewhat puzzled to understand what its contemporary hopes to gain by the publication of such letters. We have been told by the Colonist that the editor of that paper has had 44 years' experience in the editorial chair and he frequently boasts of his editorial wisdom. We can, then, only infer that he is a party to the publication of such unvarnished letters and that he approves of the false impression which will be created by the words to which an aged citizen has been induced to put his signature. Our inexperience does not permit us to form conclusions as to the ethical quality of such charlatan journalism.

Toronto Globe: The British-born are not going to be fooled into supporting in Canada the policy that has been thrice repudiated by the working people of the motherland—that of taxing food.

Reciprocity, workmen are assured by opponents of the pact, will mean

615 Yates Street.

a reduction of wages. Reciprocity is practically assured, and yet the C. P. R. has increased the wages of its mechanics 15 per cent. That is the answer to a dishonest appeal. But it really did not demand an answer.

Mr. R. L. Borden, speaking to his own constituents, said: "I look to the construction of the navy to revive the once great shipbuilding industry of Nova Scotia." Was this one of "the promises that are worth the breath it takes to utter them." And, if so, where does Mr. Barnard get off with his navy construction scheme? Is Mr. Barnard greater than Mr. Borden?

It has been stated that Mr. R. L. Borden was in favor of the reciprocity agreement when it was first announced, but the Conservative caucus compelled him to change his opinion. There is evidence that this is correct. Mr. Borden could not carry his supporters with him in the caucus. The insurgents in the party forced their view upon Mr. Borden and he surrendered. And at the same time ceased being a leader.

It is extremely unfortunate that in dealing with the question of defenses at Esquimalt it is necessary to point out that "if the defenses were properly maintained and manned the direct financial advantage to the city would be great indeed." Can it be possible that while people are preaching the gospel that workmen who have plenty to do should be content to receive just enough to live on these same people are pointing out to other classes that "financial advantages would be great indeed." We are almost tempted to become class conscious.

Our morning contemporary waxes prolific in its discussion of the lumber question, the cost of food stuff and relative cost of production as between British Columbia and Washington. To settle the whole matter and in brief form we challenge contradiction of these statements. The food and other camp supplies in Washington are very much less costly than in British Columbia. The wages of every class of workmen in the mills and camps of Washington, except one class, are higher than in British Columbia. The cost of food has nothing to do with the wage question.

An Appeal to the British Born is given a front page place in a morning paper. The appeal was first published in The British News of Canada, a weekly paper issued by Mr. Arthur Hawkes, who is secretary of the Canadian British League of Toronto. This organization has in its sympathy Mr. Clifford Sifton, who a couple of weeks ago sought the help of all the Canadian clubs throughout Canada in his efforts to defeat reciprocity. The mistake that is being made by Mr. Hawkes in his cleverly deceptive article lies in the fact that he is one of the chief grouchers at the allegation that Englishmen in Canada do not always obtain a fair chance. He has labored with his paper for years to beat down the antipathy which he falsely alleges Canadians have toward Englishmen. Now he turns the tables and appeals to the class consciousness of his own countrymen which has always been the only thing which makes Canadians misunderstand the British born.

The opposition organ keeps up a constant fire on the incubated rumors that extensive poaching of fish is going on in Canadian waters. We have no doubt that some poaching is being done just the same as there are occasional people who will smuggle every sort of goods into Canada in evasion of customs laws. We know that the cruiser Rainbow and the William J. Little are on the West Coast in constant commission, but we presume that even with these guardians of the coast line there is some poaching. In order that the public may be fully prepared for the sensations that the morning paper is reserving for the last days of the campaign we may inform it that we know all about those affidavits so carefully secreted in the Colonist desk. We know also who swore to them and we know some other things which are not yet put in the form of affidavits but which may be. People who sign affidavits for dollars one day often re-

# New Shipments of Fall Costumes and Coats are Arriving Daily in an Interesting Variety of Styles

## New Styles in Women's Costumes

Every day we are receiving new shipments of Dressy Suits in Cheviots, Tweeds, Diagonals, Venetians and all Wool Serges, in a variety of the newest colors and weaves.

For quality of workmanship, smart styles and rich colorings, we have never handled a finer assortment, while the prices are within the mark where even the most modest dressing woman can purchase without feeling any degree of extravagance.

Perhaps the most popular styles are made in high grade Cheviots, in navy, black, and browns; semi-fitting in style. Coats rather longer than the Spring and Summer garments; while the skirts are rather fuller and are made with the popular sash effect, or in the plain tailored styles with panels back and front.

The new shawl collars are quite a popular feature this season, and will be found in a variety of pleasing effects in our show rooms. Some are in plain satin, while others are inlaid with various materials, contrasting with the goods that the suit is made of.

The more moderate priced garments come in a large range of Serges, Venetians and Diagonal Cloths, in many new and dressy styles too numerous to mention in detail; but each one is full of interest to any woman who approves of neat but snappy garments.

Prices ranging from \$16.75 up to \$75.00.

## A Showing of Dainty Fall Millinery

Many new styles, colors and trimmings are now springing into fashion for the coming season, and should prove to be an attraction to any woman interested in dainty and fashionable millinery. See our View street windows, and if you have the time to spare, take the elevator and inspect the display now being shown on the first floor. For many months our buyers have been active in Paris, London and New York, and the stock that they have purchased is large and interesting, including the most graceful models that have appeared in these three famous fashion centres this season. New shapes and trimmings are arriving daily and you are invited to inspect them at your leisure.

Millinery Department on the First Floor

## Boys' School Suits in Many New Styles From \$2.25 up

Now is the time to buy the boy a suit, the selection of styles, colors and materials are wide and well chosen, while the prices are all that you can desire. For nearly a week new shipments have been arriving daily and many more are expected to arrive in the course of next week, and we intend to make the coming season the most successful that we have ever held in this section. All sizes are in stock and every garment is a splendid sample of skillful tailoring and at the prices we are asking they represent the best values that we have offered in Boys' Suits for many years. They come in single-breasted styles with three buttons, long lapels, dip front, fancy cuffs and slash pockets, while the pants are bloomer cut. The double-breasted styles have long lapels and well shaped shoulders, are perfectly tailored, and come in sizes from 23 to 33, at prices from \$6.50 down to \$3.75.

BOYS' TWO-PIECE NORFOLK SUITS, in sizes from 24 to 28, made of dark tweeds of good quality, in colors grey and brown mixtures. These are excellently tailored suits and will render splendid service. Special to-day.....\$2.25

BOYS' WASH SUITS, in fancy ducks, prints and crashes, in Buster and Russian styles. This is the balance of our summer stock and must be cleared out at once. Regular values to \$1.50. To-day's sale price, per suit.....50c

The third is one of the best values we have offered at the price.....\$8.75

# DAVID SPENCER, LIMITED

verse themselves and tell their story under oath afterward.

G. H. Barnard is reported as having denied the authority of a quotation in this paper from the Paper Trade Journal of New York and last week our morning contemporary wandered through an unintelligible explanation of what the reciprocity agreement means in relation to the pulp and print paper industry in order to arrive at the conclusion that the condition which Mr. Barnard "thought was likely to arise after reciprocity has already arisen." We, then, have our learned and astute candidate peddling warnings about what is likely to oc-

cur under reciprocity and without any suspicion of the fact that these conditions are already in force. Yet respecting the conditions which the learned Mr. Barnard says are to be so very damaging to the country we have the Paper Trade Journal complaining that because of them "A gift of the news print industry has been made to Canada."

If the public want to know the facts of this case neither the Colonist nor Mr. Barnard ever knew anything about the situation until they saw an indisputable statement of the facts last week in the Times. The Root amendment which was defeated in congress was designed to obviate the very conditions

which are now in operation and the Paper Trade Journal tells the truth when it says, "A gift of the paper industry has been made to Canada. The Colonist may wriggle under this fact, but both our contemporary and Mr. Barnard should acquaint themselves just a little with the facts in any of these cases before they become so noisy."

### MACHINE NEEDS OIL.

(Saturday Sunset.)  
The Conservative party offers an insult to the intelligence and self-respect of the electorate of this city in putting up such a man as H. H. Stevens as their candidate. Mr. Bowser says the Liberals are near the end of their

together; but what may be said of his machine in this city, from which the Conservative nomination was refused in turn by such men as Sir Charles Hibbert-Tupper, Hon. Carter-Cotton, S. L. Howe, C. S. Douglas, C. Tisdall, H. H. Watson, J. F. Gardin, and many others, who refused to accept the honor at the hands of the Bowser machine? At the last the Tory party had to run a fine-tooth comb through its hair, and it found Alderman Stevens. Of course the Tories will now say, "It's not the man, but the issue we are voting for." That argument is not only convenient, it is absolutely necessary in the case of their selection of a standard-bearer. It would be a calamity for this city to be represented in Ottawa by such a nondescript nonentity as Alderman Stevens.

### MAKE YOUR HOUSE A HOME

It is our proud boast that every Englishman's house is his castle, but it ought to be more, it ought to be his home. That it is his castle is his right by law, to make it a real home depends upon himself.

To give the maximum enjoyment and benefit your house must be artistically designed. The decorations must be harmonious, soothing, restful. The interior arrangement should be convenient, eliminating needless halls and flights of stairs, the entire aim being to save both time and labor on the part of the housekeeper. All porches, and children in particular, are greatly influenced by their surroundings. Hence the necessity of making the house as artistic as possible, and eliminating from the general scheme those architectural elements and cruelties which have such a pernicious effect upon character.

If you contemplate building now or in the future you will be greatly interested in the display of original photographs, sketches and plans of houses in our studio. We believe that they, without being, bizarre or freakish, represent a radical departure from the commonplace and conventional in domestic architecture. Drop a postal for our magazine.

## SWEDS DIVES FROM

### HUDSON BAY WHARF

Attempt to Wash Himself of "Snakes" Frustrated by Rescuers Who Save Him

Suffering from the effects of a few days' heavy drinking, Olaf Nyhgan, a Swede, made an attempt to commit suicide by jumping into the inner harbor Saturday afternoon, and had it not been for the rescue effected by Archibald King and C. F. Linden he would have achieved his object.

Nyhgan was seen by the two rescuers walking about the waterfront and his actions drew their attention particularly. He commenced making "off" his clothing, and then, partly dressed, jumped into the water from the Hudson's Bay wharf.

King and Linden secured a boat, and rowing to the man pulled him out and brought him ashore. He was handed over to the police, taken to the station in the patrol wagon and locked up.

Nyhgan told his rescuers on reaching the wharf that they should have allowed him to drown, because it would have saved everyone trouble as he had a loaded revolver and if he could not get out of the world by drowning he intended to take the other way.

At present he is behind the bars of the city prison recovering from the effects of the bout upon which he had been prior to his attempt to commit suicide. He is a recent arrival in Victoria and has been living in one of the Johnson street hotels.

## SOOKE LAKE WATER

### SCHEME IS HELD UP

Preliminaries Take More Time Than Expected—Other By-laws Also Shelved

Delay is an ugly word in regard to anything that tends toward improvement, social and otherwise, and therefore it is with some little diffidence that the city of Victoria will announce through its municipal mouthpieces that the Sooke lake water scheme, upon which it was expected to start work next month, will have to be shelved until November, and probably later, on account of the impossibility of having the necessary by-law framed earlier.

This delay is directly due to the large amount of work which will have to be done under the category of preliminaries, which will of course form the basis for the by-law. This hanging up until probably next year of one of the most important schemes which the city of Victoria has yet attempted will be regarded as unfortunate still is the fact that the by-law for the work has been associated with the library and the parks measures which were defeated at their first visit to the polls, and which, it had been arranged, would be resubmitted to the people along with the measure for the great water scheme. The expense of the re-submission of the library measure, it will be remembered, is being guaranteed by the public-spirited action of Mr. Justice Martin.

Intimation of the delay was first conveyed to the city by Wynne Meredith, the engineer recently appointed by the city to supervise the work, who pointed out that the exigencies of the situation demanding more actual work and mental consideration than was at first supposed made it quite impossible for him to comply with the wishes of the city council and have the data all tabulated and ready for by-law purposes by next month. For some time two gangs of workmen have been engaged on the scene examining the surveys and observations made earlier in the year by C. H. Topp. Their work is not yet completed. In fact, it is estimated that another month will have to be allowed for the completion of this preliminary work, and after that of course the data thus obtained must be arranged and reported upon for the purposes of expropriation, etc., before the actual by-law can be figured on at all. And it must also be remembered that before a by-law can be placed before the people for vote it must be advertised for a specified period.

Despite this unlooked for difficulty, however, the city officials, who embrace the scheme in one way or another, have not been idle. All along the lake front notices giving warning to trespassers and stating that the lands are required for watershed purposes have been posted. It is understood that the direct object of this move on the part of the city's legal department was to counteract the operations of the Canadian Northern Railway Company, which had intended to run its right-of-way at such a level that when the city dam was erected the roadbed would be inundated with water. Had not the city taken this action of

## KIRK'S

"Just one sip—you'll think it nice."

Drink a bottle—paradise."

"It's the Water"

posting notices it is possible that litigation might have ensued between the parties, as the inevitable happened. In face of the notices the railway company will probably be forced to seek a higher grade. The matter has of course been the subject of much academic discussion, and while it is probable that the last has been heard of it by reason of this strategic move on the part of the city, it is still possible that the law courts will be called upon to decide the respective claims and merits of the parties.

In the meantime the land which it will be necessary for the city to expropriate in connection with the scheme is being assessed. Should any dispute arise as to the equity of the assessment the matter will be referred to arbitration. This work is being carried out by W. W. Northcott, the city assessor, and John Dean.

## GOOD SHOOTING BY

### FIFTH RIFLEMEN

Association Looking Forward to Return of Its Heroes From Ottawa

There was a good attendance of the Fifth Regt. Rifle Association at the Clover Point range on Saturday, over thirty members turning out. No sensational scores were made, but the shooting was very good throughout. Next Saturday the boys will be back from Ottawa, when there may be expected to be things doing. Following are the principal scores:

First Class				
Sgt. Doyle	29	34	39	94

200 500 600 Td.				

Spoon winners.  
—W. H. Henderson, secretary of Victoria Y. M. C. A., has decided not to come to Victoria, but to accept the position of secretary of religious work in the Montreal branch, from which city he came west last year.

—The Kettle River Valley Railway Company has just awarded to L. M. Rice & Co., Seattle, a contract for the construction of a 10-mile section from Penticton, at the south end of Okanagan Lake, westward to Osprey Lake summit.

—Mrs. Willoughby Cummings, a well-known woman journalist and Women's Council officer, is expected to speak here on government annuities as they relate to women, on her way back from Japan. She is expected here next week.

—A provincial deer reserve of some 40 acres is being established at Coquitlam, and the Scottish red deer which are being brought out will be placed there.

## ODD FELLOWS PLAN LABOR DAY PICNIC

Estimated That Over Thousand Will Leave Here Early That Morning

The grand island reunion of Odd Fellows to be held at Duncan on Labor Day will probably constitute a record as far as attendance is concerned, it being estimated that over one thousand "knights of the three links" from the various lodges on the island, and their friends, will participate in the festivities.

As has been previously announced, the reunion will take the form of a basket picnic, and the committee in charge has made arrangements for the provision of tea, coffee and dishes free to members of the party.

The Victoria contingent will leave by the regular train at 8 a. m. and all who intend to travel are requested to be at the "E. & N." depot promptly on time. There will be no special train from Victoria at 10.30 a. m., as has been erroneously reported, and the committee desires that this be distinctly understood, so that none may be disappointed.

Members from Nanaimo, Ladysmith and northern points will arrive in Duncan about the same time as those from Victoria, and the entire company will assemble on the Fair grounds.

Lunch will be over by 1 o'clock, when the sports programme is timed to commence. Following is the complete list of events:

Boys' race, 10 years and under.  
Girls' race, 10 years and under.  
Boys' race, 15 years and under.  
Girls' race, 15 years and under.  
Baseball game between teams representing Victoria, Duncan, Ladysmith and Nanaimo.  
Wheelbarrow race.  
Obstacle race.  
Tug-of-war, Victoria vs. North. Seven men to team.  
Hundred yards dash.  
Married ladies' race.  
Single ladies' race.  
Tug-of-war for ladies, Victoria vs. North.  
Ladies' ball-driving contest.  
If time will permit, other events may be added.  
Tea will be served between 4.30 and 6 p. m. During the afternoon and evening dancing will be held in the Agricultural hall.  
It is expected that a number of the Grand Lodge officers will be present. The Victoria City band will be present and will discourse music on the field and in the hall during the evening.

A train will leave Duncan for Victoria shortly after 10 p. m.  
The Oddfellows in Duncan are doing everything in their power to make the reunion a success and to provide for the comfort and enjoyment of the party. The principal arrangements are in the hands of a committee representing the three lodges in Victoria, and the local Rebekah lodge. The other lodges on the island have appointed committees to work conjointly with the Victoria body. T. J. W. Hick is president and James F. Wilson secretary. Tickets for the excursion may be had from the following stores: Edwards' Stationery store, Jackson's Drug store, White's shoe store, Huxtable's Stationery store, Gardiner's Drug store, corner Cook and Pandora avenue; Bessdale's Piano House, and members of the committee.

## The Advance Man

"Flower of the Ranch."  
Only a few genuine and new musical novelties have toured of late. However, the theatregoer will find something different when "The Flower of the Ranch," Joseph E. Howard's greatest success, opens at the Victoria Theatre, Aug. 29 and 30.

This latest Howard success might best be termed "musical drama," for during the performance there are a number of stirring climaxes, intermingled with which are nearly twenty of the cleverest musical numbers, and among them are some real novelties. One of these, and the biggest spot on the map of music and melody unfolded in this story is "The Pajama and the Nightie" duet. This is a bold, breezy conceit which stops just about two ticks by the stop watch this side of the shocking point, where polite society would call the "outré." The breezy summery raiment is not exactly gauzy, but would not be much protection against wintry blasts.

Another novelty number is "The Days of '49," in which a real stage coach drawn by "rollers" is introduced. From a musical standpoint it is fat with song and chorus, and together with its dramatic settings and genuine comedy situations, it is ever squeezed into two hours of footlight folly. The production is scientifically correct in every detail and the electrical insertions aid wonderfully in getting the desired effects. The acting company includes Miss Barry Caldwell, Miss Mable de Nordendorf, Tom Arnold, John Frank, James Babour, Fred Van Ricken, Walter Smith and Richard Haupt.

"Miss Nobody From Starland."  
On Thursday, Aug. 31, at the Victoria theatre, Manager Denham will present for the first time in this city the new musical revue called "Miss Nobody From Starland," with a most attractive cast, including Olive Vail. This production is one of Mort H. Singer's latest ventures and comes from the Princess Theatre, Chicago, where it has enjoyed a most successful run of one entire season. The play will be in six scenes, one of them about the ocean liner Lusitania, another the stage door of the Princess Theatre, Chicago, and a third, at the Golden Ford Cafe. "Miss Nobody" production are always known for their

## NEWS OF SPORT

### PORTLAND CLOSED HERE WITH VICTORY

Maxmeyer Was Puzzle to  
Locals--Feature of Game  
Supplied by Million

The Fippins closed their final visit to Victoria with an easy victory on Saturday, making it six straight for the week. The 7 to 1 score indicates fairly correctly the showing the Islanders made against their opponents from the Rose City. They were unable to do anything with the offerings of Maxmeyer, the erstwhile bushy whom they drove out of the box on Thursday, while the visitors found Ed Erickson quite to their liking.

The feature of the game was a pick-up made by Million in the fifth. The ball was batted by Harris and under ordinary circumstances was good for a hit any day, but Ten, reaching down one in, corralled it and negotiated the put-out seemingly without difficulty. It was all done so quickly that it did not attract much attention but, taking into consideration the force with which the ball was driven and the fact that Ten was looking for a punt and took the ball when coming in on the jump, it was unquestionably one of the most spectacular stops made on the local grounds. Although Ten's holding

throughout the game was by no means as finished as is expected of a regular third baseman he nevertheless gave the impression that with a little training he would make a fine infielder. He can change his position to take the ball at an unexpected angle with marvellous quickness.

Ten also beat out a couple of bunt licks laid down along the third base line. Taken all together the homesters played considerably better ball than they did on Friday. Thorsen in centre was the exception. Maxmeyer's comical sketch of a pitcher holding his position gave the fans their only chance to crow at Portland's expense. The score:

## CRICKET

Victoria C. C. 1911 Champions.  
THIS WEEK'S CRICKET.  
Monday, Kelowna C. C. vs. Saanich C. C.  
Tuesday, Kelowna C. C. vs. Victoria C. C.

Both these games will be on the Jubilee Hospital grounds.  
Wednesday, Kelowna C. C. vs. Garrison C. C. at Work Point.

Thursday, Kelowna C. C. vs. Albion C. C. at Beacon Hill.  
Friday, Frankford C. C. of Philadelphia vs. Victoria C. C. at Jubilee Hospital grounds.  
Saturday, Frankford C. C. vs. Victoria C. C.

All these games will begin at 10.30 a. m. and finish at 6 p. m.

### CRICKET NOTES

The team arrived at the Empress yesterday ready for a week of cricket. They are a good side out of practice. How good will be known only after they get going. Surprises are the order of the day now so we can look for one here.

Hon. Wm. Templeman, who has done so much for cricket, played against a team brought to Canada by W. G. Grace about the year 1876.

Victoria as a batting side averaged a little over 20 runs per wicket per man during the tournament.

The sale of tickets for the cricketers' ball, to be given at the Alexandra Club Friday next in honor of the Philadelphians, is unprecedented. Cerulean blue is the Frankford C. C. color.

### SEATTLE VS. VICTORIA

After the game is over how easy to say, I told you so. Those who witnessed the game were distinctly under the impression that Victoria had not made enough in their first innings and after Seattle were disposed of for such a small total, the result was completely foisted out before the game began.

Seattle had displayed such excellent form, coming through Division with increasing success, that people began to wonder what would happen on the Victoria cricket field. To say it was a foregone conclusion is hardly justified when we find the rate is the largest taken in tournaments. People arrived early, nearly 100 being present when play started at 10.22. To keep up his spirits the weather man gave an ideal day. At luncheon time two relays were sent to the luncheon table. After that each car from town sent its addition to the swelling crowd which completely packed two sides of the grounds with life and beauty of face, form and habilitment. Those attractive sunshades and soft blendings of complimentary colors so much in vogue.

One foot the homely exterior of the tea shelter amid the bower of suspended and envased gorgeous sweet peas and the attendant beauty, grace and charm who successively supplied succulent sweets and seductive solids. The hostesses were Mrs. E. Dowling, Mrs. T. A. E. Irving, and Mrs. Geo. Gillespie. From three o'clock on the Fifth Regiment band burst forth, at frequent intervals, into musical rhapsodies.

After Seattle second innings, that massive piece of silver enriched with cricket symbols and standing for the cricket supremacy of the great northwest, was brought forward on a table beyond the club house enclosure. Here before a vast concourse of people the Hon. E. Dewdney made one of those happy introductory speeches, the cold reproduction of which is a little tedious to give the charm of the orator on the effect upon his hearers. He spoke of the great increase of cricket and public interest in Victoria; the hope that we have and the imperative need of a ground owned by the club, which he said if all would put their shoulders to the wheel and a hand would be a paying investment successfully accomplished in the near future, particularly as the ladies are now enlisted in the cause. He was sure we had all had a pleasant week and congratulated the clubs from far and near for their sportsmanship. Our old Seattle friends had been worked harder than any of us. Beginning the Saturday before the tournament circumstances had them to play six days straight and he was sure they were completely tucked out on this, the most important day of the week. He was a true sportsman, maintaining cricket year after year in Seattle, under the greatest difficulties but still coming every year to Victoria. He was sorry they did not come within one run of winning.

Turning to Mr. Gillespie, he delivered a eulogistic oration on the grand cricketing family in British Columbia, including pretty and well deserved compliments to Mr. and Mrs. Gillespie. In a few well chosen words Mrs. Geo. Gillespie presented the cup to Mr. L. S. V. York as captain of Victoria's winning team of the tournament and Mr. York accepted the same for the club.

Three cheers were given for Seattle and Victoria. L. G. Pattullo was called upon and expressed the pleasure it gave him to represent the losing team. The greatest difficulty, said he, Seattle had had was in trying to defeat Victoria, which he considered had the finest batting side on the coast, but not a wicket-keeper such as Ben Waddell. However, he considered they had done well in disposing of them for 191 runs. He gracefully acknowledged defeat by the better side.

Details of the Game.  
Capt. York won the toss sending in J. H. Gillespie and A. Martin. From the start and all through the game the veteran Lawrence troubled the batsmen and kept them guessing while Cameron foot sore and weary manfully delivered ball which had to be played.

Summary--Struck out by Dawson 15, by Steele 12; double plays, Armstrong to Gowen; errors, by Chemainus 5; by Beacon Hill 9, Umpire, L. Carey.

Capitals vs. Lady Smith.  
The Capitals, another local intermediate team, also scored a triumph up the island, winning easily from Lady Smith by a score of 13 to 6.

The weather was perfect for baseball and the game was good all the way through. The Capitals had a batting rally in the sixth, the feature of which was Pike's home run. While the Capitals' boxman, was effective in the pinches. The Capitals lined up as follows: Pike, c.; White, p.; Mine, 1b.; Brooks, 2b.; Shields, ss.; Bray, 3b.; Croghan, 1b.; Jones, c.f.; Bryndolfsen, r.f.

Beacon Hill, 0 0 0 0 0 1 1 0 2  
Chemainus, 0 0 0 0 0 0 0 0 0 0

## STRIKE CAUSES MUCH EXCITEMENT

Princess May in From North With News That Valuable Ore Has Been Found

Just as the C. P. R. steamer Princess May, Capt. McLeod, was about to leave Skagway on her southbound trip, word was received there that a strike of valuable ore had been made at Carcross, in the vicinity of Atlin, and that a stampede was about to take place. Miners were greatly excited and were making active preparations for getting in as soon as possible. The officers of the vessel did not learn of what nature the ore was.

The Princess May reached port last night after a splendid run from Skagway. Considerable fog was encountered but otherwise nothing marred the voyage. The steamer made a stop at Wrangell to take on a passenger, Judge Porter, who left the ship at Vancouver en route to Seattle. The May had 180 passengers south, including one hundred first cabin and the remainder, principally laborers from Prince Rupert, as stevedores.

According to her schedule the Princess May will sail for the north again. Among the local passengers booked on her are Mrs. R. W. Jennings, of Juanau; G. Fowler, I. M. Edwards, J. F. McDonald, Miss Ferguson and Mrs. Ferguson, for Skagway.

The Princess Royal is the next C. P. R. boat due from Skagway and she will be in about Thursday night.

### FRISCO'S SHIPPING NEWS.

Notes About the Sailing Vessels—Another Collier Arrives From Norfolk.

San Francisco, Cal., Aug. 28.—The Chilean bark Belfast will make another trip on the coast with lumber. She is now at Valparaiso, and will sail shortly for the Sound, where she will be loaded by Comyn, Mackell & Co.

The Russian bark California, en route from Hamburg for San Diego, has been chartered by Neame & Co., of London, to load lumber on the Columbia river for the United Kingdom at \$25 ad.

The British ship Gulf Stream loads lumber on the Sound for East London, South Africa, at \$35 ad.

The British ship Wiscombe Park has just been chartered to load cement at London for Victoria.

The Fitzgarence and the Wakefield are under charter to load lumber on the Sound for Sydney and the Collingham and Strathpey are on the disengaged list. There are eight more tramp steamers under charter to bring to this port coal for the government, but only one of these is expected to arrive this month. Two will arrive in September, four in October.

There are five steamers en route to the Sound, and three more under charter to load.

Arriving at Antwerp on August 1, from the Columbia river, the German ship Kilo reports the loss of several sails and sundry damage sustained in heavy weather on the voyage.

When leaving San Pedro for San Francisco last Sunday the smart liner Yale ran on a mudbank in a fog and was delayed several hours. She was floated at high tide without damage.

With a cargo of lumber from Grays Harbor the schooner Aloha is reported

## PRINCESS BEATRICE HAD HARD TIME NEAR DEAD TREE POINT—COULD SEE NO DISTANCE

When nearing Dead Tree Point, Graham Island, on her run across the straits to the Queen Charlotte, the steamer Princess Beatrice, Capt. Locke, encountered such a dense smoke issuing from an immense bush fire in that vicinity, that the officers, crew and passengers were at times unable to get their breath. The Beatrice arrived in port last night and the officers state that it was impossible to see any distance at all, and that although it was day time it was as dark as night in the two decks. One of the officers estimated that the fire covered two square miles.

## RUNS INTO DENSE SMOKE IN NORTH

Princess Beatrice Had Hard Time Near Dead Tree Point—Could See No Distance

When nearing Dead Tree Point, Graham Island, on her run across the straits to the Queen Charlotte, the steamer Princess Beatrice, Capt. Locke, encountered such a dense smoke issuing from an immense bush fire in that vicinity, that the officers, crew and passengers were at times unable to get their breath. The Beatrice arrived in port last night and the officers state that it was impossible to see any distance at all, and that although it was day time it was as dark as night in the two decks. One of the officers estimated that the fire covered two square miles.

## Word was brought south that nearly all the canneries on the Skeena, Naas and various coast points have closed down for the season. A few fishermen are using the seine nets to gather in the remaining salmon but their catches are very light. Nearly all the salmon packed this summer has been shipped south. The Beatrice had 2,000 cases this trip and also brought south a small shipment of lumber.

The Princess brought a large list of passengers, from northern British Columbia points, numbering 180. She is not scheduled to sail north again until next Sunday night but already the agents here have commenced to book passengers on her. It is expected that she will have an exceedingly large number of persons for the north on her sailing.

To-morrow the Beatrice will carry the Japanese residents to meet the Nippon Yusen Kaisha steamship Tamaba Maru, which will have aboard Admiral Togo, who is en route home to Yokohama after a tour of the world. She will get away about 2 o'clock in the afternoon and will be back at 4 o'clock.

## HOLYOKE BACK FROM NORTH

Has Been Towing Barges and Whales For Alaskan Whaling Companies.

Port Townsend, Wash., Aug. 28.—The Puget Sound Tugboat Company's tug Richard Holyoke, which went north from Seattle last spring and has been engaged all summer in towing whalers and barges for one of the Alaska whaling companies, swung into the harbor here Saturday morning and signalled a wish to be reported to the home office. She then proceeded on her way to Seattle and arrived there in the afternoon.

The schooner Alice Cooke, Captain Burmeister, arrived here lumber laden from Port Gamble last night, and will ship a crew and sail to-night.

## COMPLETES SPLENDID TRIP FROM STEWART

Prince Rupert in With Many Passengers—Sails Again To-day

Completing the finest trip she has ever had to Prince Rupert and Stewart, the Grand Trunk steamer Prince Rupert, with Capt. Duncan McKenzie on the bridge, arrived in port early yesterday morning. Although fog is generally prevalent during this season of the year, the Rupert encountered practically none at all. The sea was as smooth as a mill-pond and Queen Charlotte Sound, which for the greater part of the year is pretty lively, was as smooth as glass.

J. Sylvester, of the Granby Smelter Company, who came south on the Rupert, went north several weeks ago to inspect the claims and work being done on the property at Goose Bay. Everything is being put in readiness there for an early start on the erection of the two million and a half dollar smelter next spring. It will be impossible to carry on much construction work this year as the winter will be setting in shortly.

Returning from Seattle this morning at 7 o'clock the Prince Rupert commenced to load the local northbound cargo and left here at 10 o'clock with Capt. Barney Johnson again on the bridge. The captain, owing to an injury to his eye, remained ashore for one trip in order to have it treated. Going north this time the ship is full up with passengers, including a large number of round trippers. W. E. Duperow, city passenger agent, said this morning that they had broken the record here for the number of people booked, having sold all their allotted space and having to wire to Vancouver and Seattle for additional room.

Among those who joined the ship were the following: Mr. Joseph Baker, M. P. and valet; W. Burt G. Gasson, Miss Duff, Sir Reginald McLeod, High Walker, Miss Walker, B. H. Brown, Miss L. Bayshaw, Mrs. R. Fowler, Miss Wickstead, Miss W. Wickstead, Miss Molly Pearce, Miss Peggy J. R. Stewart and J. A. Mara, for Stewart and return; Miss Carr, Mrs. A. Carr, Mrs. Hurst, Miss Sharpe, R. and Mrs. J. W. Patterson, Miss Starrett, the Lancaster, Mrs. Smith, A. Carr, Mr. and Mrs. Hamm, Mr. and Mrs. Pearce and R. McAdam, for Rupert, and Henry Francis for Masset.

At Vancouver the party of Grand Trunk officials, who are touring Canada on an inspection trip, will join the vessel to-night. The party consists of the following: Alfred W. Smithers, chairman, London, Eng.; Chas. M. Hays, president, Mrs. Chas. M. Hays, Mr. and Mrs. Frank Swanton, London, Eng.; Miss Gladys Jackson, London, Eng.; W. E. Davis, passenger traffic manager; A. Butze, general purchasing agent; H. Deer, assistant secretary, London, Eng.; John Pullen, assistant freight traffic manager; D. E. Gallows, private secretary to president, and V. A. Payne, assistant secretary to president.

It is expected that they will come south on the Prince George one week from Wednesday. They will go inland to Hazelton, besides going as far north as Stewart.

## FOG ALARM FOR M'LOUGHLIN POINT

(Continued from page 1.)

he has gone far enough down or not. The Princess Victoria has several times found herself abreast of Macaulay Point when the fog has lifted and in close proximity to the shore. The Prince Rupert a short time ago also got past the entrance and was circling around the point when she scraped.

All these dangers will be eliminated by the fog alarm and big-coasting steamers will find the dense fogs of little trouble to them hereafter. In case the Brodie's Lodge bell buoy should ever fail to sound in fog the McLaughlin Point alarm will be of great assistance to the mariner in giving him his bearings.

Along the waterfront this morning, when the news spread, the establishing of a new aid formed the chief topic of conversation among shippers. Everyone stated that the fog alarm would be the greatest assistance to steamers and fill a long-felt want. McLaughlin Point, on which the new aid will be erected, is about two miles eastward of Macaulay Point and is the best situated point on which the alarm could be established.

To Hon. William Templeman, belonging the credit for securing the establishment of this alarm. He has noticed of what assistance an aid of some description would be at that point and has made recommendations to Ottawa. Mr. Templeman is known as a friend of the mariner, and realizing the great amount of responsibility which rests on the shoulders of the officers of the big passenger steamers, has always taken an interest in having all done that is possible to relieve part of this burden by having the coast well equipped with aids to navigation.

Proof of the active policy being pursued by the department of Marine and Fisheries is found in the fact that within the past few weeks tenders have been called for the erection of three new lighthouses in British Columbia waters. One is to be constructed on Glacier Point, Vancouver Island, another at Point Atkinson, at the entrance to the Vancouver Narrows, and this morning a notice was posted in regard to the construction of a new lighthouse on Holland Island, Chatham Island. For the last named aid tenders must be in by Sept. 8, and work will commence immediately afterwards.

The new light will be an additional addition to the lighthouses in northern waters and will still further make the task of the navigator easy.

## LIBERAL STOPOVER PRIVILEGES

are allowed going and returning, as well as the advantages of many diverse routes.

## When you make a railway journey

YOU want to be assured that every device known to humanity has been introduced by the railroad on which you ride for your protection. Now, the UNION PACIFIC—SOUTHERN PACIFIC SYSTEM carried almost 50 millions of passengers in 1910 without the loss of a life. It doesn't lack—it was due to the fact that the system has thrown a blanket of protection over every passenger by introducing Steel Coaches and Electric Block Signals—the two Great Giants of Safety in railway travel.

## FURTHER: When you GO EAST

OVER THE UNION PACIFIC SYSTEM you are not put to the bother and inconvenience of changing sleeping cars. Our Through Sleeping car service is one of the best features of up-to-date railway travel. You go aboard your car in the West knowing that it's your home till your destination is reached—it's a mighty comfortable feeling.

## Some Attractions Along the Way

are the Columbia River Gorge; Portland, the City of Roses; Salt Lake City; Denver and Colorado Springs.

Cut Out This Plan and Take a Little Journey to

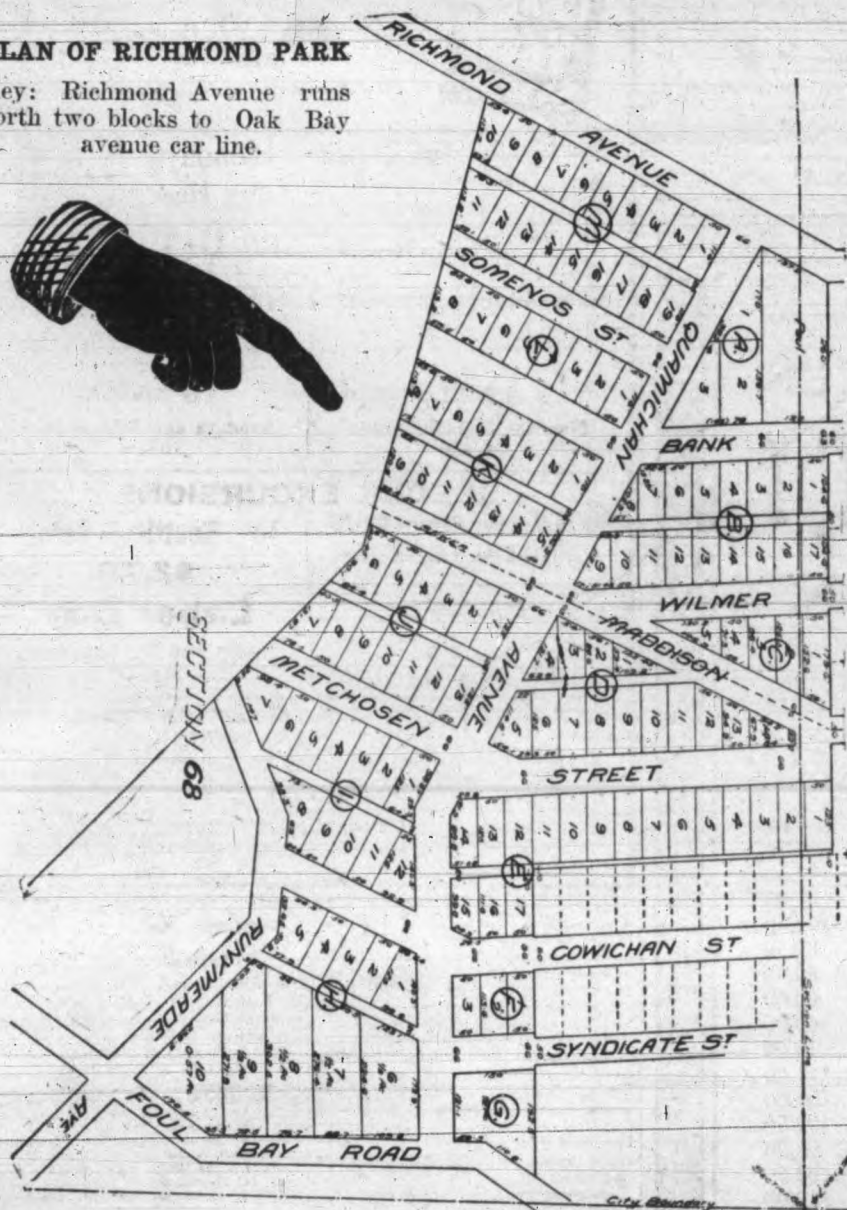

# Richmond Park

## VICTORIA'S BEST RESIDENTIAL SUBDIVISION

A little journey to Richmond Park is full of agreeable surprises. A good many people who reside in this city are not aware of the fact, that within the city limits and close to a good car line is some of the choicest residential property for sale in Victoria. Property that was never on the market until now. People who know this property are loud in its praises, both from a residential and investment standpoint. Although only on the market a short time, this property has created no little interest among prospective home-builders and investors. Already a large number of lots have been sold in Richmond Park, and several have been reserved. Some very pretty homes will be built in the near future. Perhaps when you see this beautiful subdivision to-day you will decide to build here, too. There is a building restriction of from \$2,000 to \$4,000.

### PLAN OF RICHMOND PARK

Key: Richmond Avenue runs north two blocks to Oak Bay avenue car line.

### HOW TO REACH RICHMOND PARK

Take Oak Bay Avenue car and get off at Richmond avenue, walk south two blocks and you will notice a new house being built in Richmond Park facing Richmond Avenue. Quamichan avenue starts at this point and is the key to use in seeing Richmond Park.

**Price of Lots in Richmond Park from \$800 ON VERY EASY TERMS**

Take the map and look over the property from a general standpoint now and we will be pleased to take you out and assist you in your choice of a lot to-morrow.

**AN HOUR IN RICHMOND PARK IS AN HOUR WELL SPENT**

### CHINAMAN SHOTS

#### TWO PARTNERS

One Instantly Killed and Another Will Probably Die From Wounds

Prince Albert, Sask., Aug. 28.—Hoo Sam, a leading Chinaman last night shot and killed Mark Yuen and wounded Mark Yin, badly. Both the dead man and the injured were partners with Hoo Sam in the restaurant business. Yuen was killed at the rear of the restaurant by a bullet through the heart while Hoo Sam chased Yin along the main street to the city hall steps, shooting him three times in the wrist, elbow and under the left shoulder.

Hoo Sam was overpowered by John Frank and then arrested. The trouble was supposed to be that Hoo Sam thought his partners were robbing him of money from the till and tobacco from the stock in the restaurant. The shooting in the street caused great excitement. Yin lies in the hospital in a critical condition and has a slight chance of recovery.

### GREEK YOUTH MUST

#### SERVE SIX MONTHS

Last of Foreigners Connected With Pandora Street Gang Dealt With in Court

With the conviction of Bruzese Domiano, a Greek youth, in the police court this morning, the city police believe they have now cleaned out the gang of foreign thieves and receivers who operated here in rooming-houses, hotels and private dwellings for six or eight months past.

Domiano, charged with having in his possession a tie pin valued at \$5, knowing it to have been stolen, pleaded not guilty, but had no defence to offer and was sentenced to serve six months' imprisonment along with two of his companions who are in jail for longer terms, and who were sentenced over a week ago.

The pin belonged to Mrs. Amy Grace Emly, whose rooms in the St. Francis hotel were entered during the night, and who lost other valuables besides the pin. Mrs. Emly told the court this morning that it was taken from her rooms July 25.

Domiano, before he went to join his countrymen, said he found the pin on the sidewalk. He lived with Rocco Molr, Desmond and Sam in a cabin at the rear of the Yale rooming house, Pandora street. The police first arrested Domiano, who is awaiting trial on two charges, having elected through his solicitor to go to the higher court. A third charge is pending against Desmond, a commission to take evidence at St. Paul having been asked for.

Molr is in jail on two terms, one of three and one of two years, making a total of five years for thefts and receiving, while Sam received three years for receiving.

The police conducted a search of the premises where the men lived, and jewelry was found buried in the yard and in the possession of the men. Desmond claims to be a laborer, and was arrested trying to sell stolen property in a second-hand store in Vancouver, where he claimed he had obtained it in payment of a gambling debt. He is able to bring a lawyer from Vancouver to defend him and to pay the costs of his defence at a police court and a higher court trial. He will be tried at the assizes. The police have still a considerable list of watches and jewelry in their possession from the cabin of the Greeks awaiting to be claimed.

## TWENTY-SIX PERISH IN THEATRE

### PANIC FOLLOWS EXPLOSION OF MOVING PICTURE FILM

Majority of Victims Were Children—Coroner May Order Arrest

Canonsburg, Pa., Aug. 28.—Emblems of mourning fluttered from more than a score of houses in this village to-day, indicating where the full force of the blow following Saturday night's panic in the Canonsburg opera house had been felt. Twenty-six persons were suffocated or trampled to death, twenty-five seriously injured and thirty slightly hurt. For the most part the emblems were white ribbons, showing that the majority of the victims of the panic were children.

The bodies had been taken from the improvised mortuaries to their homes and preparations were made for the funerals, many of which will be held to-day and to-morrow. Little white hearses arrived from Pittsburgh. It was rumored early in the day that an arrest would be made by Coroner James Heffernan, but the name of the person under suspicion as causing the panic was not made public.

Deputy Factory Inspector James R. Patterson to-day began an investigation ordered by the state department. The coroner's inquest will be held Thursday or Friday next.

The panic followed the explosion of a

moving picture film. When the flash of the film was seen some persons shouted "Fire." There was a rush for the exits, and in a moment there was a writhing, screaming mass of humanity ten feet high in the narrow stairway leading to the entrance of the theatre. Most of the dead were smothered. A great majority of the audience was composed of women and children. In the fierce rush for the exit they were trampled on. Others were thrown up on them and those at the bottom of the human pile were suffocated.

When two volunteer fire departments reached the theatre those of the audience who had escaped from the building and other persons drawn to the scene, were rushing about ineffectively in front of the building. No person was making any effort to aid the struggling mass within the theatre. The firemen pushed into the building and threw many persons into the street. When those ejected regained their feet they ran screaming in terror about the street. When the firemen neared the bottom of the pile they began to bring out the forms of the injured, and later came the dead. The dead were laid in a row on the sidewalk. Relatives fought and struggled to break past the guards and reach the victims.

John McCullough, operator of the moving picture machine, had just thrown the subject of a series of pictures on the screen, called "A Little Girl Shall Lead Them," when the film exploded and the cabinet was filled with flames. For several moments the audience, numbering upwards of 1,500 persons, was unaware of the accident. The operator heroically fought down the flames, and had extinguished them, when, scorched and almost suffocated, he opened the door of the little box and staggered out. With the opening of the door a dense cloud of smoke poured into the auditorium.

At this moment some person yelled "Fire." The spectators saw the smoke, and started in an awful rush for the door leading to the eight-foot stairway. The fleeing women and children ran into 200 persons who were awaiting admission. Immediately the narrow stair-

way was packed ten feet high with the dead, dying and injured.

When the panic occurred the theatre was filled and the stairway and vestibule were packed with persons awaiting their turn to see the show.

Following the explosion the crush was so severe that some persons carried out upright by the crowd were crushed to death.

Miss Mary Craig, pianist at the theatre, when the cries of "fire" sounded, began playing a slow march. Over and over she played the selection, never faltering. Many in the crowd caught the swing of the music and tried to hold back the crowd. When the audience had swept from the building, Miss Craig left uninjured.

### SIR WILFRID CLOSES

#### QUEBEC CAMPAIGN

(Continued from page 1.)

Sir Wilfrid Laurier was well received. In dealing with the annexation cry he said:

"It is simply arrant nonsense. Annexation could only come either by conquest or by voluntary agreement. No one hints of the intention of the United States to conquer us by war, and if ever the Canadian people are asked to vote in favor of annexation it will not be by the Laurier government or by a Liberal government. The Toronto Board of Trade manifesto considered an insult to the intelligence of the people. We want to remain Canadians, and Canadians we shall remain whether the United States shall trade with us or not. I tell the United States that the great mistake they have made for the past fifty years was to treat Canada as a negligible quantity."

The Prime Minister said that his faith and courage increased as the fight waxed hotter. He had many so-called chiefs to fight. There was Mr. Borden, the head of the remnants of the Conservative party. Mr. Bourassa (here a small Nationalist clique shouted, "Hurrah for Bourassa!").

"You speak too soon," returned Sir Wilfrid. "You should know Mr. Bourassa says himself the Nationalists are not a party."

There was Mr. Joseph Martin and Mr. Sifton, who represented themselves only, and Mr. Monk, who was only the lining of Bourassa's coat. Though much in appearance, these forces were little in reality.

### G. T. P. CONTRACT

#### HAS BEEN LET

(Continued from page 1.)

will spend at least ten days in the north. Terminals in Prince Rupert will be inspected before running over the completed portion of the main line as far as Copper River. At Kitsulas canyon the party will proceed by boat up to Skeena River as far as Hazelton. Grading on this upper section is well advanced, and it is expected that trains will be running to a point near Hazelton early next year. There may be a delay in completing a bridge across the Skeena River, about 16 miles below Hazelton. Construction of the abutments of this high level bridge is now in progress.

On returning from the north the party will visit Victoria and Seattle before proceeding to Edmonton and thence by train over the G. T. P. to railroad, which is at a point less than 30 miles from the summit at Yellowhead Pass. The line, it is expected, will be finished as far as Tete Jaune Cache before the end of the year. It is planned to make a brief stay in Jasper Park, in the foothills of the Rockies, where the company purposes erecting a tourist hotel.

The visitors left Montreal several weeks ago, crossing the Great Lakes to Port Arthur, where they took special train to Lake Superior Junction, and thence over the Canadian transcontinental to Winnipeg, and west over the main line of the Grand Trunk Pacific to Edmonton.

Mr. Hays and every member of the party confirmed previous reports about the magnificent crop prospects throughout the prairie provinces. In reply to an inquiry the president stated that the company would not undertake the building of the Port George-Vancouver branch until after the completion of the main line in accordance with its agreement with the Dominion government.

"If good weather continues for the next ten days the wheat crop in the prairie provinces will be the largest ever harvested," said E. J. Chamberlin, general manager and vice-president of the Grand Trunk Pacific. "The acreage under cultivation along our line shows an increase of 50 per cent. over last year. I have no doubt that our line will handle at least 30,000,000 bushels of this year's crop. The wheat acreage in Saskatchewan alone is officially given at 6,500,000 bushels, which a few days ago was estimated to yield an average of 30 bushels per acre."

Members of the party now in Vancouver are as follows: Mr. and Mrs. Frank Swanson, Miss Gladys Jackson, H. Deer, assistant secretary of the Grand Trunk Pacific, London, Eng.; Mrs. Chamberlin, Winnipeg; John Polten, assistant freight traffic manager; W. E. Davis, passenger traffic manager; A. Butze, general purchasing agent; D. E. Galloway, private secretary to President Hays, all of Montreal; J. E. Dalrymple, assistant freight traffic manager; W. B. Hinton, general passenger agent; A. B. Smith, manager of telegraphs; Dr. J. M. Leney, assistant chief medical officer, and N. Kinsella, private secretary to Mr. Chamberlin.

### JOHN W. GATES' WILL

New York, Aug. 28.—An announcement that the will made by John W. Gates in May, 1910, which was made public on the day of his funeral, Wednesday, by Henry A. Gildersleeve, had been revoked by a will in March, 1911, was made Saturday by attorneys who drew the latter will. The 1910 document left all but about \$1,000,000 in a trust fund for his widow

and son, forbidding the sale of any securities for ten years. So far as the attorney's statement shows, there is no provision of this sort in the new will which gives the son a million dollars outright, with \$2,000,000 in trust, and the widow the remainder of the estate, with the exception of about \$700,000 which is divided among relatives and friends.

The attorney's statement adds that Mrs. Gates "in pursuance of the wish of her husband, has arranged to turn over to her son a part of the portion of the estate bequeathed to her, sufficient to make their shares approximately equal."

The estate has been unauthoritatively estimated at \$30,000,000. A hundred thousand dollars to the St. Mary hospital at Port Arthur is one of the charitable bequests of the will.

### FINCH & FINCH, LADIES' OUTFITTERS

## Absolutely a Final Clearance In Ladies' Summer Gowns

### FIVE PERSONS MURDERED

Frankfurt-on-the-Main, Germany, Aug. 28.—A sensational tragedy is reported from Rendel, Hesse-Nassau. A man named Gundeloch, a fugitive from justice, returned from London to the home of his father-in-law in Rendel, where his wife was living. Early on Saturday Gundeloch shot his wife, her parents and her brother and sister and then escaped.

Gundeloch's body later was found in a potato field where he had committed suicide by firing a bullet into his mouth.

The largest known bird's egg is that of the ostrich, of Madagascar, of which the museum of New York has now a specimen. It has a capacity of two gallons, measures 25 in. by 10 in. the middle, and the shell is 1/2 in. thick. The largest egg of a living bird is that of the ostrich, which is equal to about thirty-six hen's eggs.

## BUSINESS LOTS FOR BUSINESS MEN AT Fort George

The big money in real estate is made by those who buy business lots at the beginning of a city.

Knowing what you do now, if you had the opportunity of buying at prices prevailing a few years ago, you would not hesitate to buy on Hastings or Granville streets, Vancouver; Main street or Portage avenue, Winnipeg; Jasper avenue, Edmonton; or Eighth avenue, Calgary.

It would not be buying at Shagbush Heights, Tuxedo Park or any of the outlying additions no matter how high-sounding the name or how many boulevards or parks they might have notwithstanding the fact that lots in these additions are first class investments—but

### Business Lots for Profit

Most people cannot afford to buy business lots in the streets mentioned above at present prices.

It is possible, however, to get in at the starting point of what will be undoubtedly a place of as much importance.

In making an investment in real estate the necessary thing to do is to pick out the most promising of the prospective cities and examine into their possibilities.

What are their natural advantages? After you have looked them all over and considered the good and bad points, then you will find out that—Fort George has every natural advantage possessed by all the others combined.

One of the prospective cities will be a railroad centre. Another has coal mines. This one has timber lands. Another will talk of the fine climate.

That one is the centre of an agricultural district. Fort William and Fort Arthur will talk to you about their water transportation.

Stewart will talk of her mines. Some other places may have a great water power.

### Fort George Has Them All

Don't overlook this point. It means that Fort George has a combination of all the resources possessed by all the other cities of Western Canada (except that she is not an ocean port).

Fort George is the geographical and strategic commercial centre of British Columbia. British Columbia is Canada's largest and richest province.

You should know all about Fort George and British Columbia. Let us send you map plans and official information free.

Send your name or call to-day. You can get in at the beginning if you hurry.

## NANAIMO DISTRICT METHODISTS MEET

### Summer School Proves Success—Reports Show Increase in Contributions

Nanaimo, Aug. 26.—The arrangements which resulted in the holding of a summer school in connection with the annual financial meeting of the Methodist church of the Nanaimo District entirely justified their making according to all showing. The first session held at Wallace street was addressed by the Rev. J. Wesley Miller, B. A. B. D. who laid particular emphasis on the need for spiritual development the advisability of a minister conserving his energy to his own particular work, for which he had been prepared and to which he was called.

Dr. Hartwell showed the peril and privilege lying behind present conditions in China.

The second session was conducted by Rev. J. W. Hedley, B. A. B. D., who read a paper on "The Established Results of Bible Study." An animated discussion followed, in which all the members of the district contributed, led by P. J. Rutherford, B. A. of Ladysmith. Rev. Robertson, pastor of St. Andrews Presbyterian church also taking part. Following Mr. Hedley a very forceful address on Indian matters was given by W. J. Knott of Nanaimo. In third session, contributed, led by P. J. Rutherford, B. A. of Ladysmith. Rev. Robertson, pastor of St. Andrews Presbyterian church also taking part. Following Mr. Hedley a very forceful address on Indian matters was given by W. J. Knott of Nanaimo. In third session, contributed, led by P. J. Rutherford, B. A. of Ladysmith. Rev. Robertson, pastor of St. Andrews Presbyterian church also taking part.

The last session was presided over by Rev. S. J. Thompson, (chairman of the district) and after the devotional services conducted by Rev. A. J. England, South Wellington, an eloquent and inspiring address was given by Rev. A. E. Rodman, Dunbar, on "Modern Evangelism" a lasting efficiency of the old, old message was maintained by the speaker. The last speaker was Dr. White, Superintendent of Missions in British Columbia.

WITHOUT OPTION OF FINE. Nelson, Aug. 26.—Three months without the option of a fine was the sentence imposed on Olaf Jacobson by Noble Binns, police magistrate, at Trail, for giving liquor to Louis Haglund, an interdicted man.

Haglund was sentenced by the same court to 30 days for being drunk and disorderly.

## MAN LOST LIFE

### Boat Half Filled With Water Found Stranded on Shores of Kootenay Lake.

Nelson, B. C., Aug. 26.—A boat half filled with water and containing a bottle of whiskey and articles of clothing, stranded on the shores of Kootenay lake at Three-Mile Point, is a silent witness to what is believed to have been a fatal drowning accident Friday, of which John D. Simpson, employed in construction of the government wagon road, and recently released from the provincial jail after serving three months for assault, is believed to have been the victim.

Friday night, J. T. Healy, a rancher living on the shores of the lake, heard shrieks for help. He and his family rushed to the beach and peered into the darkness of the night, but by that time the cries had ceased and nothing could be done. It is known that Simpson last night came to Nelson in the boat and bought clothes and whiskey, and as he has not since been seen, it is believed he must have perished on his return journey to the road construction camp.

**WILL PAY CORONER.** New Westminster, Aug. 26.—The city council received a communication from the deputy attorney-general at Victoria, respecting the account of \$10 that the late New Westminster city council had refused to pay Captain George Pittendree for holding an inquest on the body of H. W. Garland.

The deputy attorney-general called attention to a section of the Municipal Clauses Act, which he held covered such cases, and suggested that the bill be paid and that an order be made to have the Municipal Clauses Act amended in this respect at the next session of the legislature.

The city council had refused to pay the coroner's fee on the ground that the man received his fatal injuries at Cootanah, although he died in the municipality of New Westminster. The section of the Municipal Clauses Act cited by the deputy attorney-general provides that the municipality in which the corpse is found must stand the expense of the inquest, so the city council decided to pay the bill.

**ANGELIC CHURCH DEDICATED.** Vancouver, Aug. 26.—With the customary impressive services, St. Augustine church, Eburne, was solemnly dedicated by the bishop of the diocese of New Westminster, Rt. Rev. A. L. DePencier. The bishop was attended by Venerable Archdeacon Pentreath, Rev. F. A. Chadwick, St. Paul's, Vancouver; Rev. H. C. L. Hooper, of All Saints; Rev. Rural Dean Bartle of New Westminster, and Rev. D. Donaldson of Steveston. The St. Augustine is a commodious edifice, and will seat upward of 200. After the dedication the usual order of evening service was followed. Rev. Mr. Chadwick and Rev. Mr. Bartle read the lessons and Archdeacon Pentreath preached the dedicatory sermon.

Rev. W. H. E. Battershill, the vicar of the new church, is a native of Pakenham, Ontario, and was connected with the diocese of Ottawa before he came to British Columbia. He took charge of the parishes of Kerriale and Eburne in February of this year, and almost immediately commenced planning the building of a church suitable to the wants of his congregation.

**CONSTABLE FINED.** Kamloops, Aug. 25.—Constable Nottley was fined \$15 and costs for assaulting Ald. Baynton. The assault took place at the police enquiry into the recent escapes from the city lockup, towards the close of the session when Constable Nottley, exasperated by the questions put to him by Ald. Baynton, caught hold of the alderman and struck him twice. He was at once placed under arrest.

When Constable Nottley was up for trial on a charge of assault, Mayor Robinson did not want to sit on the case on account of his position on the police commission, but other magistrates declared they were prejudiced in favor of the defence and the mayor acted.

The constable pleaded guilty, with extenuating circumstances, and was fined \$15 and costs.

Ald. Baynton desired to have the constable held over to keep the peace.

—Salmon trolling outfits of all kinds at the Victoria Sporting Goods Co., removing sale, Douglas street.

## KAMLOOPS BOARD OF TRADE WILL ENDORSE

### Proposal to Hold Centenary Celebration Next Year

Kamloops, Aug. 26.—At the quarterly meeting of the board of trade Mayor Robinson introduced the subject of a centenary celebration at Kamloops, which was met with the approval of the board. He requested the board of trade to endorse the suggestion if it was of the opinion that something should be done to give Kamloops the benefit of the unique opportunity for advertisement which would present itself in 1912. He thought if the matter were gone about in the right way the financial part could be arranged without difficulty. So far as the attractions went, many of them would be revenue producing and with good big prizes hung up for sporting events and other contests people would come from all parts of the province. There was only one way to do it and that was on a large scale. He asked for an expression of opinion and if favored he would suggest that a live active committee be appointed at a public meeting, a good secretary and manager secured and work commenced at once.

On motion the proposal was unanimously endorsed and the Board of Trade pledged itself to do all in its power to help the celebration along.

C. E. Lawrence reported regarding the proposition to secure the establishment of an army museum breeding stable in the district and stated that he was in receipt of favorable letters from interested parties in Great Britain. He also reported that he had prepared the necessary data in reference to the establishment of a demonstration farm in the district and submitted it to the meeting. A committee was appointed to consider the communications.

**VIOLATED LIQUOR LAW.** New Westminster, Aug. 26.—Wm. McLeod, licensee of the Lytton hotel, was fined \$100 and costs in police court for selling liquor on Sunday night at 2 o'clock to Sam Groso, laborer, of Vancouver. Constable Edwards and Groso swore positively that Mr. McLeod sold the liquor. Mr. McLeod denied the statement and declared that he had not been in the hotel after 7 o'clock Sunday night.

Magistrate Edmonds said someone was committing perjury, but in the circumstances he would convict and impose the highest penalty, which would carry a mark against McLeod's license. The defendant intimated his intention to appeal.

James Spersson, of the Bismarck cafe, was fined \$20 and costs for selling two bottles of beer to diners at his restaurant—two policemen in plain clothes. The penalty was moderate because Mr. Spersson had no intention to commit an offence against the law, his waiter simply having gone out and purchased the beer for his customers' consumption.

**PORT GARRY PIONEER DEAD.** New Westminster, Aug. 26.—David Bigg, an old Port Garry pioneer, and a resident of this city for the past five years, died at his home on Cedar street, Sapperton. Mr. Bigg had been in his usual health until August 14, when he was seized with an attack of apoplexy and fell unconscious on Columbia street. He recovered sufficiently to make his way home, where he arrived in a dazed condition. He grew gradually weaker until the end came on Wednesday. He had reached the age of 64 years. He was a native of Dundee, Scotland, but came to Canada at the age of nine, and lived near Listowel, Ont., for about 15 years. Over 40 years ago he moved to Port Garry, and while a resident there gave his services to the government in both the Riel rebellions. He afterwards farmed near Neepawa, Man., whence he came here in 1906. He leaves a widow, his death a widow, a son and three daughters.

## CITY OF VICTORIA

A complete list of Local Improvement Works, authorized by By-Law, from time to time, will be found posted on the Bulletin Board at the main entrance to the City Hall.

**MUNICIPAL NOTICE**

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

1. To construct a permanent sidewalk on the east side of a small street, from Milne street to Esquimalt road;

2. To grade, drain and tar macadamize Dalton street, from Esquimalt road to Wilson street, and construct permanent sidewalks on both sides of said street, with curbs and gutters, also lateral connections to sewers, surface drains and water mains;

3. To grade, drain and tar macadamize Suffolk street, from Dalton street westerly to Bowdley Place, and to construct permanent sidewalks on both sides of said street, with curbs and gutters, also lateral connections to sewers, surface drains and water mains;

4. To grade, drain and pave with an asphaltic pavement the lane to the west and rear of the Victoria, B. C. Board of Trade Building, as shown on a map deposited in the Land Registry Office on the 11th of July, 1911, and numbered 29;

5. To construct a permanent sidewalk of concrete 6 ft. wide on the west side of St. Charles street, from the Fairfield road southerly to the sea;

6. To grade, drain and pave with an asphaltic pavement, with a concrete base, Richmond avenue, from Lillian road to Fairfield road, and construct permanent sidewalks, with curbs and gutters and boulevards, on both sides of said avenue, sections to sewers, surface drains and water mains; and move poles, if necessary;

7. To construct a permanent sidewalk of concrete on the north side of Richardson street, between Vancouver street and Cook street;

That all of said works shall be carried out in accordance with the provisions of the Local Improvement General By-Law, and amendments thereto, and the City Engineer and City Assessor having reported to the Council in accordance with the provisions of Section 4 of this by-law, upon each and every of said works, upon local improvement, giving estimates showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said work; and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council;

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas street, and that any person desiring to object to any proposed work of local improvement above mentioned, signed by a majority of the owners of the real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within fifteen days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by-law in that behalf regulate and determine.

WELLINGTON J. DOWLER, City Clerk's Office, July 22nd, 1911.

**PUBLIC NOTICE**

Is hereby given, that the Express Traffic Association of Canada, on behalf of the express companies represented in Victoria, B. C., have made an application to the Board of Railway

## RESPONSIBILITIES OF CITIZENSHIP

Address on Effects of Tariff Policy in Creating Class Wealth

An interesting contribution to the discussion of the reciprocity issue is sent to the Times from far away Carleton Place, by a gentleman who inscribes on the margin, "Worth reproducing about now." The article published below appeared in the magazine section of the "Victoria Colonist" of August 7, 1908. Not only is the argument of Mr. E. C. Drury, the speaker, reported authoritatively, but the selection of the article by capable editorship for publication in the "Colonist" is an emphatic endorsement of the validity of the arguments set forth. It should be read with care.

For a quarter of a century past the members of Whitty Grange have met together annually for the purpose of enjoying a pleasant outing in the form of a picnic or garden party. The event of this year took place on Wednesday last on the lake shore, says the Toronto Weekly Sun in a recent issue. In addition to the members of the local grange, there were present visitors from Kinsale and Columbus Grange and a number of others not identified with the organization.

The principal feature of the afternoon was an address by E. C. Drury, lecturer of the Dominion Grange, on the privileges of Canadian citizenship and the responsibilities going therewith. The main points made by Mr. Drury may be thus summarized:

Within the last 50 years the first perfect system of democracy has been established. For the first time man, because he is a man, has been given a share in the governing of his country. In no country has this privilege been so fully accorded as in Canada. Each man in this country has a share in governing the state—each citizen is a sovereign. Natural conditions add to the advantages going with citizenship. We have a population hand-picked from Europe, made up of those who possessed the courage and the will necessary to enable our forefathers to overcome the physical difficulties inseparable from creating homes in a virgin forest. We have in forest, field and mine resources without parallel. We also have as a country youth on our side, and we have not, as they have in the United States, a race question to vex us.

The privileges so conferred convey with them duties and obligations which cannot be escaped. If these duties and responsibilities are appreciated to the full there will be realized in this country the dream of the best minds of humanity. If we fail in realization, the blessings which have been secured for us by those who have gone, will be lost and the last state will be worse than the first.

If we are to make the most of the opportunities open to us several things must be guarded against. The first of these is materialism. Wealth alone has never made a nation great and wealthy, unless assisted by moral qualities, cannot make a great nation of this Dominion.

Corruption and self-seeking in public affairs must also be guarded against. No matter to which party we belong, or whether we stand independent of the two great parties, it is the bounden duty of each good citizen to guard against corruption and the disposition to use the machinery of government for personal gain. Let those who belong to one party begin work by cleansing at home. This is a duty which devolves in a special sense upon farmers, because, drawing their sustenance from the soil, they are attached to the land in which they live as no other class is.

The greatest evil of all against which we must be on guard is indifference. Too many men take their opinions ready made, because they are too lazy to think clearly for themselves. With a reading, thinking citizenship, our country would be safe; it will never be safe until we have such. It is said that in the United States one per cent. of the people own one-half the wealth of the country. A few men own more than is good either for themselves or the nation, while many have too little. How has this state of affairs been brought about? Largely through the indifference of the masses, which has resulted in allowing a few to exploit the national resources for personal benefit. We have lately been developing a millionaire class in this country as well. How has this class been created? By the giving of bounties, bonuses, and railway subsidies.

Another man by which we are creating an extremely wealthy class is through the tariff. Politicians tell us that the tariff is out of politics; and it is well this is so, because we are more likely to look at that question through clear seeing eyes under such conditions than if we were blinded by party prejudices. From a system of protection farmers have absolutely nothing to gain. We are in the one remaining country in which are vast unexploited agricultural resources. We will produce a surplus of foodstuffs for export longer than any other country. That being so, no matter what tariff may be imposed against agricultural imports coming into Canada, it cannot increase the price of that which the farmer has to sell. It is different in the case of the manufacturer. In addition to the goods manufactured at home, we import very largely from abroad, and the duty upon imported goods not only adds to the price at which the imports are sold, but enables the home manufacturer to bring his price up to a corresponding level. Few realize the extent of the burden protection imposes upon consumers, and more particularly upon farmers. We protest against the increasing expenditures by government, and justly so, but we are paying in excess profits, owing to the existence of a protective tariff, one hundred and seventy million dollars a year (\$3 per head), or a good deal more than the cost of carrying on the Dominion government. Farmers pay not only their share of this, but in

many cases they pay that of professional men as well; and, in addition to all this, they are forced to pay their hired help wages made unduly high by reason of competition created by bounty-aided and tariff-fed industries. Take the woollen industry as a case in point. In 1908 there were 129 woollen factories in this country; the capital invested amounted to \$4,383,631; the value of products was \$5,764,600, of which \$67,968 worth was exported, leaving \$5,696,632 for home consumption. Our imports of woollens were largely in excess of the total amount manufactured in Canada. Thus the tariff of 30 per cent. on imported woollen goods enabled the home manufacturer to charge that amount in excess of fair market value for near five and three-quarter million dollars worth of woollens sold by him to the Canadian consumer. The excess of price on home-made woollens, due to the existence of this 30 per cent. tariff, amounted to \$1,708,988, while the wage bill was only \$1,190,000. The excess of profit, due to the tariff, was \$518,988 more than the wages paid. And still woollen manufacturers demand an increase to 50 per cent. in the tariff enjoyed by them.

What is the result of this policy? There are two results. Despite the application of machinery to farm labor, farmers could employ more men on a given number of acres to-day than ever before, and still the rural population of Canada has decreased by 50,000 in ten years. That is one result of protection. Another is that we are, in this country, as in the United States, creating a class of people who have more wealth than is good for them, a class such as in Pennsylvania produced a Thaw.

I have a different ideal for this country from that set up by those responsible for the policy of protection. My ideal is a country in which the agricultural resources are properly utilized and in which urban industries, suited to our conditions, develop as a natural consequence. Canada is at the crossroads. Along which line is our national course to be directed?

## PULP WOOD IS DESTROYED BY FIRE

Flames Cause Loss Estimated at \$2,000,000—Change of Wind Saves Mills

St. John's, Newfoundland, Aug. 26.—The forest fire late yesterday approached to within a half mile of the Albert E. Reed companies' pulp and paper mills, at Bishop's Falls, which were saved from being wiped out by the wind moderating after sunset and veering to the west. The fire was carried by the change of wind to the south bank of the Exploits River, passing within a few hundred yards of the mills. It is still burning furiously along the south bank of the river opposite the plant, from which it is separated by only a quarter of a mile of water and a change of wind to a southeasterly point will again place the plant in the fire zone and imperil its safety. It will not be regarded as out of danger until the fire is extinguished which will require a downpour of rain for at least 24 hours.

It is estimated that \$2,000,000 worth of pulp wood, standing and stocked, has been destroyed already, besides many thousands of mill logs and railway ties. No loss of life is reported and only a few minor accidents have resulted thus far.

### SHOT BY GUARDS

Two Prisoners Wounded While Trying to Break Jail at Edmonton.

Edmonton, Aug. 26.—Resulting from an unsuccessful attempt to break jail, when they were shot down by the guards, John and James in the prison hospital at the point of death, and his pal, Harry Francis, is less seriously wounded.

Both were concerned in the recent burglary of the Johnstone Walker stores. They were working with the masons gang of the new cell block under construction when they broke away. A guard fired a shot into grass, thinking to frighten the youths into surrender, but that failing another guard shot Bradley as he was scaling the fence. Francis was also shot in the hand.

### POLITICAL STRAWS

Mr. Barnard has also become "frank and candid." He admits that in the campaign of 1908 he had no hope of the Conservative party being returned to power. This confession is hardly in line with the campaign utterances of the ex-member. Still the people will accept the confession and let that feature of the past be forgotten. But Mr. Barnard says the conditions are different in this election and that he really believes the Conservatives have a chance. We can, however, assure Mr. Barnard that as a prophet he is not likely to have honors showered upon him. The Times is in possession of facts which prove that the Liberal victory of 1911 is going to be very much more decisive than the triumph of 1906. In the East Conservative after Conservative, some of them candidates for election, are declaring themselves in favor of reciprocity. In the province of Nova Scotia one local election has been held already in which reciprocity was the only issue, and it resulted in the election of the advocate of free-trade and reduced taxation by a majority of 758. This is the surest indication of the trend of feeling in Nova Scotia and bears out the contention of the Times that the political remains of the Conservative leader himself will be found among the ruins on the 21st of September.

**DECAYED UTILITY  
OF HUMAN HANDS**Eminent Surgeon Describes  
Eliminative Effect of  
Machinery

Sir Frederick Treves, the eminent surgical authority, in a "Nineteenth Century" paper, declares very emphatically that "it would seem that the highest point of development in the use of the hands has been already reached; has been, indeed, passed, and that we have now entered upon a decline." Let us see to what extent Sir Frederick's contentions can be supported.

Two of the commonest handicrafts are those of writing and sewing, but they are being now rapidly supplanted by the typewriter on the one hand and the sewing machine on the other. The finer use of the fingers is thus becoming lost, so far as these simple crafts are concerned. There was occasion when penmanship was almost a fine art, and the writing master a power in the land. In these present days, of hurry there is no time for elegant handwriting. The script of the ordinary letter-writer is often as hard to interpret as the message on the Rosetta stone, and as there is, coincidentally, no leisure available for the deciphering of illegible writing, the typewriter becomes opportune.

Surgeon Treves, however, has made amazing advances. Should it be asked if this progress has been associated with, or dependent upon, a corresponding development of the handicraft of surgery, the answer is, it has not. Before the days of anaesthetics the surgeon was operating upon a conscious being. Rapidity of movement was all essential; success was gauged by the stop-watch, every unnecessary second meant unnecessary torture. The surgeon had to be marvellously deft of hand, cool, yet alert as a fencer; quick, yet as sure as a matador. The combination of qualities that made up a good operating surgeon was rare, and so in those days the perfect operator was equally rare. Now, with the use of anaesthetics, the surgeon can proceed with easy deliberation, every step can be measured and judged; there is no call to be brilliant; there is no element of hurry for in place of the flashing blade is an action as studied as a movement on the chess-board. The result of it is this: Surgery, as a pure handicraft, has undoubtedly lost ground.

Some of the simpler crafts exhibit in striking fashion the decay of civilization in the use of the hands. Take the very ancient occupation of spinning and weaving. In India it is still possible to see the whole process of making cloth from cotton carried out by hand. The process involves a fine training for the fingers—a training that is almost lost—and every five hands of thousands of men and women in this country. But the handicraft has vanished, the machine has replaced it, and the skill reduced by centuries of practice has been lost forever. No so many years ago it was possible to see in almost every fishing village half a dozen gossips strolling about knitting stockings and jerseys for men. The work was not, perhaps, elaborate, but it was a good training for the hands. The knitters are now hard to find. Hand knitting does not pay except as an amusement. The art of embroidery—as ancient as Babylon and Tyre—was a craft of wide possibilities. The handicraft is practically lost. It is true that the finer work is still done by the hand, but the major part is turned out of a machine with brutal unconcern. There are advantages resulting from this which are easy to appreciate, but at the same time a thousand hands have lost their cunning and handicraftsmanship has passed to a lower grade.

Lace-making occupies a somewhat similar position. It is probably the most elaborate work which has ever engaged the facile fingers of women. Lace-making has engaged whole colonies of women, and has enabled them to bring the culture of the hand to a marvellous degree of perfection. This has assuredly been an object worthy of attainment. But the days of the craft are nearly over, and the manual skill so laboriously attained is in spite of all attempts to revive it in process of being lost.

Probably the oldest domestic instrument is the needle. The needle-maker was a master of craft. The common needle is now made by a series of machines, which turn the implements out in pairs, two being united, head to head. The process involves a manual skill, and in the production of special needles, something of the cunning of the past, but the fact remains that a great means for the culture of the hands has passed away.

The carpenter with his primitive art, is still with us, but he is not the handicraftsman that he was. There are saving engines and planing machines for boards of every kind. The "four-cutter machine" works all four faces of the wood simultaneously. Machines have been produced for fashioning all kinds of mouldings, for cutting dovetails, mortises and tenons, while the engine known as the "universal joiner," is a combination machine with superhuman powers. The "copying lathe" produces objects of regular or irregular shape automatically from a pattern, and can turn out with equal ease a gunstock or a broom handle, a boot last or a toy horse. The sand-papering machine is almost uncanny in its imitation of human movements, while the self-directing lathe represents the fallow absorption of whole centuries of manual skill.

Sir Frederick Treves goes through a long list of occupations, arts and accomplishments which formerly called into play great dexterity of the hand and fingers, and which are now done by machinery. Even piano playing is included in the list. The loss is both great and regrettable—Glasgow Daily Herald.

### OBITUARY RECORD

The funeral of the late Cecil V. Pitts took place from the Victoria Undertaking parlors this morning at 9 o'clock and fifteen minutes later from Christ Church Cathedral, where services were conducted by the Rev. William Barton. The attendance of friends was large and a great many floral offerings were sent. The pallbearers were: M. F. Carl, G. E. Green, P. Pollard, W. Marriott, A. R. Langley and Mr. McIntyre. Interment was made in Ross Bay cemetery.

### STILL MORE PAVING.

The operations of the Canadian Mineral Rubber Company have been extended to-day by the advice of the city hall authorizing them to start work upon Collinson street, between Trutch street and Vancouver street, and Superior street between Government street and St. Lawrence street. The company will at once start upon the curb and gutter work preparatory to laying the asphaltic pavement. At the present time the paving company has got a great grip on the contract and are pushing ahead with the work at a rapid pace. The asphalt plants at Spratt's wharf are in a state of permanent activity and the stream of dump carts is unceasing.

### VICTORIA LOST CHANCE.

Vancouver Takes Kilmarnock Cup By Winning From Victoria on Saturday.

The Victoria Lacrosse Club lost its chance for the Kilmarnock cup and the trip across Europe in 1912 by going down to defeat before Vancouver on Saturday by a score of 5 to 3.

### LIBRARIANS MEET

HERE NEXT WEEK

Interesting and Instructive Programme of Addresses and Discussions Prepared

To the public generally very cordial invitation is extended by the local committee of arrangements to attend the sessions of the third annual conference of the Pacific Northwest Library Association, to be held here on September 4, 5 and 6. This is the first convention of librarians to be held in western Canada.

The following interesting programme has been arranged:

Monday Evening, Sept. 4, 8 o'clock.

Address of Welcome—Hon. Henry Esson Young, LL.D., provincial secretary and minister of education; A. J. Morley, mayor of Victoria; E. O. S. Schofield, librarian, provincial library, British Columbia.

Response—Mary Frances Jaom, president Pacific Northwest Library Association.

Address—The library and the community, by Chalmers Hadley, librarian, public library, Denver, representing the American Library Association.

Tuesday Morning, Sept. 5, 9.30 o'clock.

Reports of secretary and treasurer.

Appointment of committees on nominations and resolutions.

Round table on children's work, conducted by Gertrude Andrus, superintendent of children's department, Seattle public library.

1. The children's share in a public library—Jessie M. Carson, children's librarian, Tacoma public library.

2. Book selection for children—Janet Britton, children's librarian, public library, Spokane.

3. The high school problem—Lucille F. Fargo, librarian, North central high school library, Spokane.

The papers will be followed by informal discussion.

Following the brief business meeting, the section on college and reform work will hold a session conducted by Charles W. Smith, assistant librarian, University of Washington library, to discuss informally: High school debate work, university department libraries, reserve books.

Tuesday Evening, Sept. 5, 8 o'clock.

The responsibilities of library trustees, W. L. Brewster, trustee, Library Association, Portland.

Book selection for public libraries, R. W. Douglas, librarian public library, Vancouver, B. C.

Public libraries for public service, Judson T. Jennings, librarian Seattle public library.

Wednesday Morning, Sept. 6, 9.30 o'clock.

Reports of committees.

Options on the progress of libraries in Oregon, Cornelia Marvin, secretary Oregon library commission; Washington, J. M. Hill, librarian Washington state library; British Columbia, E. O. S. Schofield, librarian provincial library, British Columbia; Alberta, Alexander Calhoun, librarian public library, Calgary.

Discussion—How shall state associations affiliate with the American library association? By geographical representation on the council? Appointment of representatives to the round table of 1912.

Co-operation among the libraries of the Northwest (interchange of library assistants), Helen G. Stewart, assistant librarian free public library, Victoria.

### WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, Aug. 28.—5 a. m.—A moderate depression has developed over the region of the Rocky Mountains, extending from Cariboo to Arizona. The weather on the coast of British Columbia and Washington is cloudy, with showers falling at Tatonko. Temperatures on the Pacific slope are somewhat higher than yesterday. East of the Rockies an extensive high area is central over the Dakotas and Nebraska. Rain has fallen in Manitoba and temperatures are below normal, with frost some localities.

Forecasts.

For 24 hours ending 5 p. m. Tuesday.

Victoria and vicinity—Moderate to fresh southerly and westerly winds, fair and warm.

Lower Mainland—Light to moderate winds, fair and warm.

Reports at 5 a. m.

Victoria—Barometer, 29.94; temperature, 55; minimum, 51; wind, 15 miles S. W.; weather, clear.

Vancouver—Barometer, 29.96; temperature, 54; minimum, 51; wind, 4 miles S. E.; weather, clear.

Kamloops—Barometer, 29.80; temperature, 61; minimum, 60; wind, calm; weather, clear.

Edmonton—Barometer, 29.80; temperature, 47; minimum, 42; wind, 6 miles S.; weather, part cloudy.

Winnipeg—Barometer, 30.18; temperature, 44; minimum, 40; wind, 4 miles W.; rain, .35; weather, clear.

Observations taken 5 a. m., noon and 5 p. m., Saturday.

Temperature.

### CASE IS APPOINTED SEA WALL ENGINEER

Work is Already Started Despite Threatened Action by Second Lowest Tenderer

The appointment of an engineer for the construction of the Toss Bay sea wall, over which it was expected there would be some little competition and discussion, has been made, and so far no word of criticism has yet been offered against the party responsible for this important undertaking. Cecil B. Case has been appointed to supervise the work at the installation of the city engineer. Recognizing that the onus of making an appointment rested upon him, Mr. Smith thought that the city could not be better served in that particular regard than by the appointment of the English engineer who was responsible for the drawing of the plans upon which the contract has been let.

Mr. Case has already started work upon the preliminaries. A number of men have been engaged and are now actively operating the initial phases of the sea wall. With a continuance of the present good weather for the period peculiar to this fortunate country, Mr. Case is confident of being able to complete, with the assistance and co-operation of the contractor, the Westholme Lumber Company, the first section within the allotted time. As may be remembered, the contractors must complete this section within the year, failing which fulfillment of the contract for the remainder of the work is forfeited automatically.

While Mr. Case has been appointed supervising engineer, the committee's decision that does not mean that he will always be on the spot. As a matter of fact it is not expected that he will be, but of course he will always be ready for consultation, and everything must be submitted to his assistance and he was quickly for his approval. On the ground the city was permanently represented by W. C. Winkel, a young engineer of note.

The work is being proceeded with despite the threatened action of John Haggerty, the second lowest tenderer for the work, whose complaint was heard at a recent meeting of the board. Whether anything will result from that argument it is impossible to say. The city council appears to be satisfied to let matters go as they are, especially in view of the fact that their legal adviser assured them that in awarding the contract to the Westholme Lumber Company, the city was not in violation of the provisions of the act, and that they were acting within their rights and privileges.

### DROWNED AT NELSON.

Nelson, B. C., Aug. 28.—A mysterious drowning occurred here yesterday by which a man believed to be C. C. Blacklock, who until a few days ago was employed as an accountant by the Elko Lumber Company, met death. He was observed by persons passing in launches standing on the end of the old C. P. R. wharf, when he suddenly fell into four feet of water. Boats went to his assistance and he was quickly pulled out, but the utmost efforts of a doctor and spectators failed to revive him. It is not known whether he had a fit and fell into the water, or whether it is a case of suicide. He was about 25 years of age.

### THREE INSTANTLY KILLED.

Ottawa, Aug. 28.—Word has been received that the terrific storm which occurred Sunday evening brought to a tragic close the week-end outing of a party of seven near East Templeton, three of whom were killed almost instantly by a falling tree while the other four escaped by a hair's breadth. The dead, Alphonse Schling, son of Francis Schling, grocer, 319 St. Patrick street; Joseph Leblanc, Montreal; and Lucien Martineau, Three Rivers. The surviving four are D. Sabourin and his son Napoleon, Gatinneau Point; Oscar Boudry, contractor, and his son Joseph, Ottawa.

### CORINTHIANS AT CALGARY.

Calgary, Aug. 28.—The stiffest team the Corinthians have met was in the Calgary eleven on Saturday. The game when time was called was four goals to three and the closeness of score fully represents the run of play up to the last fifteen minutes, and then certainly the visitors had the Calgary team well in hand. Throughout they played as the Corinthians have met was the Calgary boys made up what they lacked in science by hustle and hard work.

### POLLING IN B. C.

Ottawa, Aug. 28.—Elections in Comox, Atlin and Yale-Cariboo, B. C., are not to be deferred. Nominations in each of these ridings will be advanced, those in Yale-Cariboo taking place on September 4 and in Comox-Atlin on September 17. In Chicoutimi and Saguenay the polling will not take place till September 25.

### TEN DROWNED.

Wreckage From the Tug Martin Washed Ashore.

Byng Inlet, Ont., Aug. 28.—Uncertainty as to the fate of the tug Martin was removed yesterday by the discovery of wreckage from the vessel which went down last Monday in a storm with the entire crew of ten.

### RECEIVED BY THE POPE.

Rome, Aug. 28.—Pope Pius received in audience to-day Cardinal Seraphin Vannutelli, grand chaplain of the Holy Catholic church, and also the Most Reverend Martin Trisscher Cordova, archbishop of Yucatan.

Cardinal Merry Del Val, the papal secretary of state, who declined his vacation during the illness of the Pope, today went to Mount Marie, where he will stay for the remainder of the summer.

### RAILWAY BOARD BACK FROM NORTH

Commissioners Heard Cases at Prince Rupert—Sittings at Vancouver

Vancouver, Aug. 28.—After a busy fortnight in the north, J. P. Mabey, chairman of the board of railway commissioners, his colleagues, J. L. McLean, G. A. Mountain, chief advisory engineer; R. Richardson, assistant secretary; and N. R. Butcher, official stenographer, returned to Vancouver yesterday. A session of the commission will be held here Thursday and may last for several days, as numerous cases are to be disposed of.

After dealing with various applications at Prince Rupert and to which the city and the railway company were parties, Judge Mabey and Mr. McLean inspected the coast section of the line as far as railroad, 105 miles up the Skeena river. They also proceeded inland a few miles farther to view the progress of operations of driving two big tunnels in the vicinity of Kistela canyon.

Mr. Mabey stated to-day that the physical condition of the roadbed on the completed portion is in good shape. His special train was the first to make the round trip to and from Prince Rupert in one day. He issued an order permitting the company to run passenger trains over the road not to exceed thirty miles an hour.

A stop was made to inspect the snowsheds now being built along the Skeena river at points where dangerous snowslides occurred last winter. From Prince Rupert the commissioners proceeded to Skagway, Alaska, and thence over the White Pass & Yukon route to White Horse, Yukon Territory. During their stay at White Horse evidence on the respect of the appreciation of Col. Conrad for a reduction in freight and passenger rates on this line was submitted by Col. Conrad and some merchants of White Horse. Decision has been reserved.

### ADMIRAL TOGO'S TOUR.

Spends Sunday at Vancouver—Welcomed to Seattle.

Vancouver, Aug. 28.—Admiral Count Hethachiro Togo spent yesterday in Vancouver. City officials, military men, citizens and Japanese residents did everything in their power to honor the distinguished visitor and make the day a pleasant one.

Admiral Togo arrived at an early hour in the private car Canada. He was informally conducted to the Hotel Vancouver where he rested until 10:30 a. m. when a delegation of city officials headed by Acting Mayor James Ramsay, formally welcomed him. A guard of honor from the 72nd Highlanders was drawn up in review form on Georgia street in front of the hotel.

Alderman Ramsay read the address of welcome which was replied to by Count Togo.

Count Yada entertained Admiral Togo at his home during the afternoon. A private luncheon was served. In the evening a formal reception was given at Dominion Hall by Consul Yada. He left at midnight for Seattle.

Seattle, Wash., Aug. 28.—Admiral Count Hethachiro Togo arrived in Seattle this morning to pay a farewell visit to the United States. As he stepped from the private car in which he travelled from Vancouver, he was met by a committee representing the chamber of commerce and the Commercial club. A reception late this afternoon and a banquet to-night complete the programme of his entertainment in Seattle. The Admiral will sail for Japan to-morrow morning.

### MAY RUN AT VANVOUER.

Vancouver, Aug. 28.—There is well defined report abroad to-day that Rev. Dr. Fraser, of the First Presbyterian church, will resign the pastorate and will be independent Conservative candidate in the coming election. He is a very prominent member of the church, but declined to make any announcement, admitting he was thinking of running.

### Harris & Sturgess

Next Merchants Bank.  
1229 Douglas St.

### FIVE KILLED IN RAILWAY ACCIDENT

Regina, Sask., Aug. 28.—Of six men who were sitting on the rear end of a caboose when it was sent crashing into a flat car at an early hour this morning, two were killed instantly. Their names are yet unknown. Four were seriously injured and three of them have since died. The three were L. H. Fortin, a French Canadian from Lynn, Mass.; Mike Griffith, an Englishman from Preston, Lancashire; Albert Marshall, a French Canadian from Montreal. The other of the four seriously injured is dying. He is James Christy, a Scotchman from Glasgow.

### TWO CARS TELESOPED.

Vancouver, Aug. 28.—A C. P. R. freight train eastbound, ran head-on to the second section of the Parker Shows, near Revelstoke on Saturday morning and but for slow orders, under the Parker Shows were running, the entire train might have landed in the river. As it was, two cars telescoped, several people were bruised, but not seriously injured, and two horses killed. The second section was delayed some five hours and did not arrive in Vancouver until late Sunday afternoon.

The conductor of the eastbound freight blamed confused orders, claiming not to have been warned about the second section of the slow train. When the first section was passed he assumed this to be the entire show, and ran out on the cutting near Revelstoke and struck the second section just as they were rounding the curve.

### MAROOED ON ISLAND.

Branchville, S. C., Aug. 28.—Passengers arriving here this afternoon from Charleston, said hundreds of people were marooned by a storm on Sullivan's island, but so far as known there has been but one life lost. It was first believed that all persons had left the island before the storm. The property damage in and about Charleston is estimated to be over \$7,000,000. One schooner was thrown up on the battery at Charleston.

### ENGLISH CRICKET.

London, Aug. 28.—Additional cricket results of games ended last Saturday are as follows: Surrey beat Sussex by eight wickets. Worcestershire beat Somersetshire by 181 runs. Lancashire and Leicestershire drew.

### TEN PERSONS KILLED.

Newcastle, Eng., Aug. 28.—Ten persons were killed and several others injured Saturday through the overturning of a motor car near Consett. The car was in collision with a carriage.

### TOO LATE TO CLASSIFY FOR THE MOST POPULAR FORM OF ADVERTISING IN TOWN TRY THIS COLUMN

FOR SALE—Six roomed cottage, Victoria West. Apply owner, 524 Russell St.

FURNISHED APARTMENTS, with bath, for lady, gentlemen and children, near water front. Box 275, Times.

### VICTORIA AGRICULTURAL SOCIETY

### Provincial Exhibition

Messrs. Stewart, Williams & Co.

Duly instructed by George Sangster,  
Esq., secretary of the Victoria Agri-  
cultural Society, will sell by public  
auction on the Fair Grounds, on

Saturday, Sept. 9

at 10:30 a. m., a number of

Cattle, Horses, Sheep,  
Pigs, Poultry, Etc.

Further particulars later.  
Anybody wishing to dispose of any  
stock at this Sale may enter their  
offer at the Secretary's Office, on the  
Grounds or in Town, or to  
The Auctioneer Stewart Williams  
637 Fort St., City.

### Whalebone Hair Brushes

The use of these brushes is par-  
ticularly good for the hair. The  
bristles penetrate to the scalp  
every stroke and give the scalp  
somewhat of a massage treat-  
ment, increasing the circulation  
and stimulating the roots of the  
hair.

We have these brushes in a  
variety of styles ranging from

\$1.00 to \$2.50

each. Let us have an opportu-  
nity to show you their good  
points.

### OUR LETTER BOX

YOUTHFUL ROWDYISM

To the Editor:—A number of boys  
varying in age up to 17 years assembled  
together at a corner close to this church,  
some young girls being near them on the  
street. The conduct and language of  
these boys was disgusting and disgrace-  
ful. I spoke to them, but knew none of  
them. I subsequently told the police, and  
they promised to look after that corner.  
The above is part of a sermon preached  
by the rector in an Anglican church to-  
day on the east side of Victoria that needs  
little comment from me. It is an extreme  
instance of juvenile delinquency in which  
the Denver or any other mild system will  
fail, unless such exceptionally bad boys  
are well and promptly flogged by their  
fathers.

Of course any other person doing so  
on the spot must be satisfied to take the  
risk of being fined five dollars and severe-  
ly reprimanded for assault upon the "lit-  
tle task and dear little fellows," as the  
morning paper said upon a former occa-  
sion.

PARISHIONER.

### MR. LUNEY'S LETTER.

To the Editor:—A letter addressed to  
the workmen of Victoria and signed  
(though obviously not written by) Wm.  
Luney, sr., was given great prominence  
in yesterday's issue of the Colonist. The  
editor remarks that "there is an occasion  
to tell those to whom the letter is ad-  
dressed that Mr. Luney is—they all know  
him well," and if this were true there  
would be no necessity for any reply. It  
seems more than probable, however, that  
there may be workmen and others who  
are not acquainted with Mr. Luney, and  
with these the letter he has signed might  
carry some weight. It may, therefore, be  
well to point out the absurdity of the  
statement made. Since Mr. Luney's  
memory is so good he will remember that  
Ontario was very prosperous under the  
reciprocity treaty, and that this treaty  
was signed by the United States very  
much to the regret of all Canadians. The  
closing of the treaty certainly brought  
hard times, nor did the National Policy  
help matters. It is true that Toronto had  
a little boom after 1884 and 1885, but it  
did not last as other booms have done,  
and the dull period Toronto ever knew  
occurred after that. In fact Toronto did  
not begin her real growth and prosperity  
till about thirty years ago, and this oc-  
curred, not under Conservative, but under  
Liberal rule. Many of us have reason  
to remember the dull times we had in  
Victoria and Vancouver only a very few  
years ago. At that time employment was  
hard to get, and there were many out of  
work. Was this due to reciprocity or re-  
duced tariff?

The question is asked: "Why alter the  
tariff now with U. S. proposed reciprocity  
measure? We are getting along all  
right." Mr. Luney may be "getting along  
all right," but the real workmen are  
not. There is not a workman in Victo-  
ria or Vancouver to-day but finds the

### Stewart Williams & Co.

Duly instructed, will sell by

### Public Auction

—ON—

Thursday, August 31st.

At 2:30 o'clock

726 Discovery St.

A quantity of really good and nearly  
new

### Household Furniture and Effects

Including:  
DINING ROOM—Solid Oak Extension  
Table, six Solid Oak Dining Chairs,  
upholstered in leather; very handsome  
Oak Rocker upholstered in leather;  
very handsome Oak Buffet with china  
cabinet attached; very Solid Oak Rocker  
upholstered in leather; two very  
large and heavy Mission Oak Morris  
Chairs, Clock, Pictures, Foot Stool,  
Cupboard, Blinds, Solid Oak  
Roller Top Desk, etc.

KITCHEN—Monarch Range in good  
order, Cooking Utensils, Sofa, Kitchen  
Tables and Chairs, Linoleum, Dinner  
Service, Crockery, Flour Bin, Coal  
Scuttles, Cutlery, etc.

## Art in Piano Construction

Tone, quality and perfect mechanical construction  
are the fundamental requirements of a Player-Piano  
—if, in addition, the case is built along artistic lines,  
it is all the more desirable.

### The Gerhard Heintzman Player-Piano

Leaves nothing to be desired—either in tone, quality,  
fidelity in reproducing the works of the best com-  
posers; or appearance. The latest and most appre-  
ciated designs at present are:

### LIBRARY MISSION SATIN FINISH MAHOGANY CIRCASSIAN WALNUT

If you so desire we will take your order to have a  
piano finished harmonizing with the interior decora-  
tions of your drawing room. We make this a spe-  
cial feature.

## FLETCHER BROS.

Sole Agents for Columbia Records and Talking Machines.  
1231 GOVERNMENT STREET. TELEPHONE 885

ship of some other body. To invite this  
imperial race, the greatest nation in  
the world; this, the nation that has taught  
the world the principles of self-govern-  
ment and liberty; to invite this nation to  
sign the decree that declares itself unfit  
to govern itself without the guardianship  
of such people, is an insult which I hope  
will be flung back with ignominy."

I believe, sir, that the party in Canada  
which is afraid to trust the people of  
Canada, many of them British born and  
heartily in their loyalty to the Mother  
Country, and the others who are Cana-  
dians first, last and all the time, the  
party afraid to trust these people with  
an unqualified voice, in their vote on  
their own affairs is a party which must  
soon go to the wall.

Every man knows in his heart whether  
he is loyal or not, and I have yet to find  
a man in this whole community who is  
afraid, on his own behalf, that a reciproc-  
al trade relation with the United States  
can affect his admiration for and his un-  
flinching attachment to British institutions,  
even in the evolving form which we have  
them in Canada.

I am but one out of many who still re-

sent what Mr. McBride tried to tell us at  
the convention, and to have this rebuffed  
in the manner which appears in the  
Colonist of Sunday is rather going too  
strong. I have consulted with no one  
before sending this letter, but I know  
that I am expressing the feeling of the  
British born of this community.

DUNCANS.  
Duncans, V. L., Aug. 27, 1911.

### BUILDING AT WINNIPEG.

Winnipeg, Aug. 28.—With permits  
taken out Friday totalling \$409,700,  
the total permits for the current year  
to date as registered with the building  
inspector aggregate \$13,178,000. These  
figures are an advance of almost \$1,-  
000,000 over the same period of last  
year. There are still several very  
large permits to be taken out this year,  
and it is now an accepted surmise that  
the figures will eclipse last year's re-  
cord by over \$2,000,000.

### A Royal Drink.
